CHICAGO IS CROWDED WITH DELEGATES AND OTHERS YET TO COME

Very Few Manage to Escape Being "Button-Holed," and Informed of the "Situation."

BIG FIGHT ALREADY BEGUN

Some Heated Factional Contests Have Developed Over Selection of Committeemen.

BRUMBAUGH STILL RUNNING

Delegates' Disputes Over Seats Are All Disposed Of.

Chicago, June 5.—Delegates to the Republican National Convention poured into Chicago all day and tonight it was estimated very few hundred are not on the ground. Many delegations came quietly and sought their hotels without display, but it was a retiring delegate who wasn't button-holed before he found his room and supplied with information about the "situation."

The lobby of the hotel where most of the delegates stop was cleared for action early, its chairs, couches, ferns and palms being removed to safe places, and tonight there was nothing on the floor but a milling mass of delegates. On the sidewalk outside and in other hotels in the same section the button-holing and the whispered conversions went on just as vigorously as preparations were made for the big convention show.

Some Factional Fights.

The routine of arrival and registration was followed by the usual arrangements for state caucuses at which officers and national committeemen will be named. In several delegations, New York and Illinois in particular, factional fights have developed over the selection for the committee. In many of the others there has been so far no sign of trouble and many of the present committeemen will be on the roll when the convention is over.

Senator Penrose made the definite announcement today that he would vote for Mr. Knox on the first ballot, at least. He expects most of his friends in the Pennsylvania delegation will follow his example. Senator Penrose said he was unable to discover the drift of sentiment of the delegates.

"It is a free and untrammelled convention with much open discussion of candidates," he said.

Brumbaugh Still in Race.

Governor Brumbaugh today conceded Senator Penrose's selection as chairman of the state delegations. Governor Brumbaugh said he would remain a candidate for President until he finds that sentiment crystallizes on some one else. He believes that some of the Brumbaugh delegates are favorable to Colonel Roosevelt as a second choice.

One of the interesting fights over the election of National committeemen is in the Illinois delegation between Roy O. West, incumbent, and Mayor Thompson, of Chicago. The Illinois caucus has been called for tomorrow night and both candidates claim to have a majority.

Maryland's delegation of 16 arrived today. On the first ballot the state's delegation is expected to line up about as follows:

Weeks 7; Hughes 6, and Roosevelt 3. Hughes is said to be the second choice of two-thirds of the delegates.

Fifteen hundred members of the Marion Club, of Indianapolis, came in today and led by a band the club paraded the streets, cheering for Charles W. Fairbanks for President.

NATIONAL COMMITTEE HAS FINISHED HEARING CONTESTS

Chicago, June 5.—The Republican National Committee adjourned at 6 o'clock tonight after disposing of 62 contests for seats in the coliseum convention. During the last four hours of the four days' session the most interesting decisions were made. They included these things:

Refusal to place on the temporary roll of the convention any members of the three contesting delegations from the District of Columbia. The district was to have had two seats in the convention.

Seating of both delegations from Louisiana, each members with half a vote, and requesting the delegation to select Armand Romain, of New Orleans, National committeeman, in place of Victor Loisel.

Decision that the committee on resolutions be asked to receive delegations from the suffrage convention and conference and from preparedness organizations.

R. B. Howell, of Nebraska, asked for the seating of the entire contesting delegation from Louisiana on the ground that the National committee could not countenance the disfranchisement of the negro. Senator Smoot declared that neither delegation could be ignored and presented the motion by which the contest was settled. Victor Loisel protested against this action.

Advocates of preparedness and organizations favoring woman suffrage will have an opportunity to present the case under the most favorable conditions to the committee on resolutions if that committee accedes to the request of the national committee.

Chairman Hilles brought up the question of granting public hearings by announcing that many requests had been made for an opportunity to present various subjects to the resolutions committee.

Washington, June 5.—Judgment for $11,000 against the Chesapeake & Ohio Railway in favor of Claude L. Proffitt, a brakeman, injured at the Gladstone yards in Nelson county, Virginia, in 1912, was affirmed today by the Supreme Court.

HARTNESS ADMITS VICTORY IS GRIMES'

Judge J. S. Manning Believed to Have Been Nominated for Attorney General.

SECOND RACE IN SEVENTH

To be Entered by Robinson and Spence, the Former Leading—Graham and Other State Officers Are Renominated.

Raleigh, N. C., June 5.—J. A. Hartness this afternoon conceded the nomination of Col. J. Bryan Grimes as secretary of state and sent the following telegram from Statesville to Col. Grimes here:

"Accept my congratulations on your nomination. I had hoped to be the recipient of the message but my party has decided that I be the sender. If you have not a majority I will not ask a second primary."

ALL STATE INCUMBENTS HAVE BEEN NOMINATED.

Raleigh, N. C., June 5.—Attorney General T. W. Bickett was nominated in the State-wide legalized primary of Saturday as the Democratic candidate for governor by above 25,000 majority over Lieut. Gov. E. L. Daughtridge. For Attorney General, the indications are that James S. Manning, of Wake county, has been nominated. For the other State offices all the incumbents—all Democrats—have been re-nominated.

MANNING BELIEVED TO HAVE WON IN THE FIRST PRIMARY

Raleigh, N. C., June 5.—Judge J. S. Manning, believed to have won the nomination for Attorney General over his three opponents in the first primary, received telegrams tonight showing that he received 958 majority over the field in Lenoir, 193 in Forsythe, 216 in Sampson, 300 in Bertie; lacked 159 of majority over the field in Nash.

KITCHIN GETS LARGER VOTE THAN HIS FRIENDS EXPECTED

Wilson, N. C., June 5.—Official results of the primary held Saturday in Wilson county are finally tabulated, the board of elections having finished their work this afternoon, after the chairman made a rush trip to one precinct after the official record. The figures

MEANING OF FLAG IS AMERICA FIRST

Is the Symbol of National Unity and a Nation United and Equal to Its Task.

JUSTICE HUGHES SPEAKS

Tells Graduates of National Cathedral School That Our National Emblem Means More Than Association and Reward.

Washington, June 5.—In the seclusion of the National Cathedral school lawn, where he was presenting an American flag to the honor graduates, Justice Charles E. Hughes today made his first public address since the opening of the pre-convention campaign. He told the young women graduates that the flag means America first, an undivided allegiance, and a nation united and equal to its task.

"This flag means more than association and reward," said the Justice. "It is the symbol of our national unity, our national endeavor, our national aspiration. It tells you of the struggle for independence, of union preserved, of liberty and union one and inseperable, of the sacrifice of brave men and women to whom the ideals and honor of this nation have been dearer than life.

"It means America first, it means our undivided allegiance. It means America united, strong, and efficient, equal to her asks. It means that you cannot be saved by the valor and devotion of your ancestors; that to each generation comes its patriotic duty, and that upon your willingness to sacrifice and endure as those before you have sacrificed and endured rests the national hope.

"It speaks of equal rights; of the inspiration of free institutions exemplified and vindicated; of liberty under law intelligently conceived and administered. There is not a thread in it but scorns self-indulgence, weakness and rapacity. It is eloquent of our common interests, outweighing all divergence of opinion, and of our common destiny.

"Given as a prize to those who have

PROGRESSIVES TO POSTPONE ACTION?

Many Leaders Favor Waiting Until the Republican Convention Nominates a Man.

REPORTS ARE CONFLICTING

George W. Perkins, Who is Fostering the Plan, Says It Has Not Been Adopted, While Other Announcements Say It Has.

Chicago, June 5. — Conflicting reports regarding a plan of the leaders, headed by George W. Perkins, to have the Progressive convention to postpone action upon nominations until some tangible result upon a nominee is approached in the Republican convention followed today's meeting of the Progressive National Committee. Many leaders favored the plan of marking time. Mr. Perkins announced that the convention would not nominate "right off the bat," but probably would wait for a time at least.

On the other hand, former Representative Victor Murdock, of Kansas, chairman of the National Committee, asserted that the committee had reached no agreement to withhold action upon nominations in the conventions. So did Secretary Oscar K. Davis, and others.

Against these assertions William Allen White, national committeeman from Kansas, declared the committee had agreed to have the convention postpone consideration of nominations until Saturday, awaiting Republican action. He said a "steering committee" had been named to launch a publicity campaign to boost Colonel Roosevelt among Republican delegates, and confer with Republican committeemen looking to joint nominations.

Chairman Murdock's Statement.

Chairman Murdock, after the national committee meeting, issued the following formal statement:

"The committee adopted a resolution confirming the action taken by the National Committee last January, and pointed out that every event which had transpired since January had added emphasis to the position of the Progressives.

"State chanrmen and chairmen of state delegations will meet with the National Committee at 5 o'clock Tuesday afternoon.

"All the national committeemen were present with two exceptions—one occasioned by illness and the other by delayed trains.

"The executive committee was authorized to prepare an address to the delegates of the Republican convention, giving the reasons why the Progressives urge the nomination of Theodore Roosevelt. This statement will be prepared immediately and published in

HUGHES MOVEMENT NOW AT HIGH TIDE

Has Reached Proportions of a Boom—Various Candidates' Managers Perplexed.

AFRAID CONTROL IS LOST

Leaders May Seek Veto of the Progressive Convention in Order to Defeat the Justice—Harmony the Only Desire.

Chicago, June 5.—Representatives of the several candidates for the Republican presidential nomination are in a perplexing predicament tonight. Having fostered sentiment in favor of Justice Hughes until they felt sure Colonel Roosevelt was definitely eliminated, they now fear they cannot control the Hughes movement.

During the day it grew to the proportions of a boom. Effort is being made to concentrate all elements against it and the indications are that the veto of the Progressive party, which, of course, means Colonel Roosevelt's disapproval of Hughes, may be sought as a check.

Harmony the Main Desire.

Harmony above everything else is the desire of the leaders. Without it any nominee would answer the purpose because it is recognized that unless the Republicans and Progressives get together their chances of successes at the polls are very slim. To obtain harmony, the Republican leaders are willing to concede to Colonel Roosevelt the veto power in some form. Some of the leaders say he should be willing to select one or two men who would be acceptable to him from the list of candidates in the field. Others think he should suggest men for consideration by convention leaders, and practically all of the party chiefs are willing to admit that any of the candidates definitely rejected by Colonel Roosevelt could not be nominated.

Hughes Sentiment a Surprise.

Impartial observers within the Republican ranks do not consider that the unexpected growth of the Hughes boom is necessarily an indication of personal popularity of the Justice among the delegates. Those who promoted it in opposition to what proved to be an exaggerated estimate of the expected de-

FIFTY-NINE LIVES REPORTED LOST IN WAKE OF TORNADO

Central and Northern Arkansas Swept Late Yesterday—Much Damage to Property.

OVER 100 PERSONS INJURED

One-Third of the Town of Judsonia Said to be in Ruins—Four Blocks Swept Clean.

Little Rock, Ark., June 5.—Fifty-nine persons are reported to have been killed and more than a hundred injured in a tornado which swept through central and northern Arkansas late today. The dead thus far reported are as follows:

Judsonia, White county, 25 known dead and 50 injured.

Heber Springs, 13 dead.
DeLark, Dallas county, 4 dead.
Hot Springs, 4 dead.
Morrillton, one dead.
Greenland, Washington county two dead.

North Arkansas appears to have suffered most severely, although the storm was general throughout the state.

At Judsonia one-third of the town was said to have been swept away. The tornado swept clean an area four blocks wide and 12 blocks long. Twenty-five bodies and 50 injured already had been taken from the ruins at 10 o'clock, reports said.

SPECIAL RELIEF TRAINS SENT TO STORM-SWEPT AREA

Memphis, Tenn., June 5.—A dispatch to the Iron Mountain Railroad office here from Bald Knob, Arkansas, reported several persons killed and considerable property damage in White county by the tornado which swept through Central Arkansas late today. The town of Judsonia is reported badly damaged.

A special train left here at 9 o'clock with physicians and nurses for Judsonia and Kendall, Arkansas, where a number of persons were reported injured. Orders also were issued for a special train to proceed from Little Rock.

FOUR KILLED, SEVERAL HURT IN GARLAND COUNTY, ARK.

Hot Springs, Ark., June 5.—Four persons were killed, several were more or less seriously yinjured, in a tornado which swept across Garland county and cut a path through the southwestern portion of Hot Springs late today. The dead are two farmers, a timber man and a negro.

GERMAN FLEET IN RETREAT ATTACKED BY THE BRITISH

Associated Press Gets a Review of the Engagement Off Jutland Coast.

London, June 5.—The latest reports received by the British admiralty enabled the Associated press to give the following review of the naval engagement off the Jutland coast with various incidents and results as viewed from the British side:

"During the night of May 31-June 1, Britishdestroyers madea determined attack on the retreating German battle fleet which hastened its flight. The British fleet remained on the scene of the battle during th emorning of June 1 and traversed the field four times finding no enemy to fire upon. The commander-in-chief took his fleet back to its bases at his leaure and five hours after its arrival reported the battle fleet ready for action."

As regards the Gremans losses definite evidence, it is is declared, has been obtained that they were deliberately falsified and that the following were destroyed.

Two battle cruisers; one and probably two battleships, four light cruisers, eight destroyers and one submarine.

The remainder of the German battle cruiser squadron may have reached home ports but the ships were all severely damaged, as also were ships of the Koenig class which came under the fire of a portion of the British battle fleet."

BRYAN WILL HAVE NO PART IN DEMOCRATIC CONVENTION

Secretary Kremer, of National Committee, Not to Be Run Again.

St. Louis, June 5.—J. Bruce Kremer, secretary of the Democratic National Committee, announced today that business reasons would prevent his being a candidate for re-nomination. No name was suggested for Mr. Kremer's successor.

Several committeemen have made inquiry as to what part, if any, William J. Bryan will play in the coming convention. It was officially stated that inasmuch as Mr. Bryan was not elected as a delegate, nor as an alternate he could only speak to the convention with the unanimous consent of the 1,094 delegates. Under convention rules Mr. Bryan can obtain a proxy by the withdrawal of a delegate and his alternate.

Thursday will be a general speech-making day and committeemen now here say Mr. Bryan will be asked to speak on "Democracy."

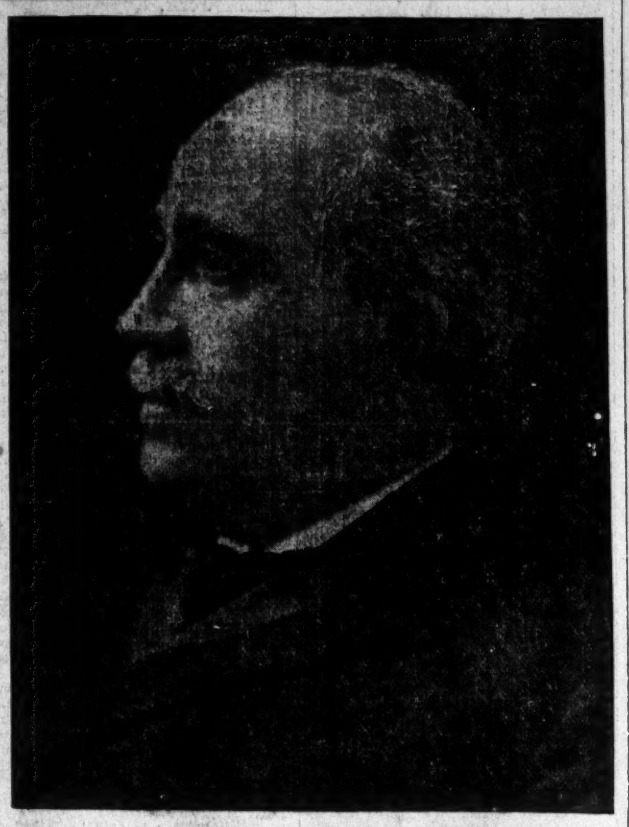
ENTERS SECOND PRIMARY IN SIXTH DISTRICT



HON. JOSEPH A. BROWN, OF COLUMBUS

JOS. A. BROWN RUNS IN SECOND PRIMARY

Complete Returns Give the Columbus Man Lead of Nearly 300 Over Little.

JULY FIRST IS THE DATE

Field Led Godwin by 577 Majority—Columbus Man's Second Campaign Launched—Little Makes Statement.

Practically complete returns from the entire Sixth district yesterday having developed the fact beyond doubt that Hon. J. A. Brown would enter the second primary with Congressman Godwin, the Columbus man and his supporters lost no time in launching his second campaign, with the determination to win at the polls on July 1, when the second primary will be held, under provisions of the State-wide primary law. Enthusiastic supporters of the Columbus man yesterday organized at Whiteville and Chadbourn respectively "Joe Brown Clubs," which will make a most aggressive campaign for the nomination.

Complete official returns were received last night from every county in the district, except Robeson, where one small precinct with 21 registered voters was missing. The returns show that the field led Congressman Godwin by 577 majority, his vote in the district being 5,463. Mr. Brown's vote was 2,218, while the other candidates in order stood; Major J. W. Little 1,978; Hon. Q. K. Nimocks 1,558, and Hon. E. F. Young 286.

Mr. Godwin received a majority of the votes cast in Brunswick and also in Bladen. In Bladen Mr. Nimocks ran second, while Major Little ran second in Brunswick, New Hanover and Robeson, receiving 481 votes in the latter county, where Mr. Godwin received 1,267 and Mr. Brown 472. In Harnett, home county of two of the candidates, Mr. Godwin received 793 votes and Mr. Young 193. In addition to getting majorities in Bladen and Brunswick, Mr. Godwin received the largest vote in Harnett, New Hanover and Robeson.

The official returns from all the counties follow:

Harnett—Godwin 793, Brown 10, Little 33, Nimocks 10, Young 193.

Cumberland—Godwin 666, Brown 31, Little 20, Nimocks 892, Young 27.

Columbus—Godwin 671, Brown 1113, Little 277, Nimocks 34, Young 6.

Robeson—Godwin 1,285, Brown 472, Little 486, Nimocks 302, Young 29.

Brunswick—Godwin 319, Brown 42, Little 100, Nimocks 42, Young none.

New Hanover—Godwin 1,214, Brown 466, Little 920, Nimocks 43, Young 27.

Bladen—Godwin 533, Brown 87, Little 147, Nimocks 226, Young 4.

Major J. W. Little issued a statement last night to the Democratic voters of the district, in which he says "whoever is nominated in the second primary shall have my loyal support in the November election and my services are always at the command of the party."

Major Little's Statement.

Major Little's statement follows:

"To the voters of the Sixth Congressional District:

"The official returns from the June 3 primary give me third position and leave the run-off between Messrs. Godwin and Brown.

"The splendid support given me by my loyal friends everywhere was very gratifying to me and I take this opportunity of expressing my sincere

SOME FEATURES OF PLATFORM STUDIED

Republicans May Incorporate Some Progressive Ideas—Fight for Suffrage Plank.

TO FEATURE AMERICANISM?

Opinion of Leaders Divided as to Course to Follow in Effort to Gain Support—To Attack Wilson's Foreign Policy.

Chicago, June 5.—Although the disposition among Republican leaders is to leave decision on the platform to the convention itself, consideration was given today to outstanding features. Advance preparation has been lacking but Senators Lodge, Borah, Sutherland and many others in the Senate and House have considered suggestions for many weeks. These probably will form the basis for discussion in the committee on resolutions, with the convention as the final judge.

Every effort will be made in the platform, if the suggestions are followed, to incorporate some Progressive party ideas. A recall plank probably will not be approved, but a strong fight will be made for an endorsement of woman suffrage.

Would Feature Americanism.

The three senators' first thought has been to give greatest prominence to Americanism. Senator Sutherland has gone so far as to suggest that this word should be used as a key to the whole superstructure. His belief is that a satisfactory platform could be constructed upon that principle and that even the tariff plank could be made to fit into a declaration for Americanism only.

While not committing themselves entirely to this plan of procedure other platform builders support an out-and-out declaration for nationalism. Some of them are inclined to the belief that this plan might result in too great restriction and thus exclude many necessary matters.

Some also are getting away from the thought that a platform should be exceptionally brief.

"We don't want to be uselessly prolix," said Senator Borah, "but we cannot and must not overlook the fact that the Republican party is out of power, and that being the case we owe it to the country to present a comprehensive statement of the basis of our appeal for support."

Criticism of Foreign Policy.

As the draft stands, it is at once a criticism of the Democratic management of foreign affairs as vascillating and unsatisfactory, and a pronouncement in favor of the protection of the lives and property of American citizens at home and abroad.

The Democratic direction of affairs in connection with Mexico will be attacked with special severity, but no declaration for actual intervention in Mexico is contemplated. An army and navy adequate to the protection of American interests will be advocated as the best means of preserving peace and protecting the national honor.

The tariff plank will include not only the usual Republican pronouncement in support of the principle of protection, but in addition there will be an asserting of the inadequacy of the present tariff law to meet revenue demands. It will be claimed that but for the stimulus of the war, business in the United States would have suffered many hardships as a result of the Underwood-Simmons law, while at the same time the treasury would have

GREAT OFFENSIVE OF RUSSIANS HAS SEEMINGLY BEGUN

Are Actively Engaged Over 250 Mile Front From Pripet River to Rumanian Border.

CAPTURE 13,000 PRISONERS

Bad Weather Causes Lull in Fighting Around Verdun—Further Losses by Italians.

The long expected general offensive of the Russians against the Teutonic allies seemingly has begun. Petrograd and Vienna report that the Russians are actively engaged over a front from the Pripet river to the Rumanian frontier, about 250 miles. The Russians are using large numbers of guns and men and, according to Petrograd, have achieved successes on many important sectors taking 13,000 prisoners and many guns and destroying or capturing Teuton positions.

Austrian Front Heavily Shelled.

In the region of Olicka, in the zone of the Volhynia fortress triangle, the Russians have heavily shelled a front of more than 15 miles held by the Austrian Archduke Josef Ferdinand.

Around Verdun bad weather has kept the infantry of both sides in their trenches and only bombardments have taken place. Around Vaux and Damloup northeast of Verdun the bombardment on both sides has continued while to the west of the Meuse the shelling has been only intermittent.

On the remainder of the front in France except around Ypres the situation is reported quiet. About Ypres, however, the Germans and Canadians are continuing the violent fighting that has been in progress since last week when the Germans captured Canadian positions which later were retaken in hand to hand and bombing encounters. Sunday the Germans again forced the Canadians to relinquish the bulk of their captured ground, but the Canadians are disputing strenuously the efforts of the Teutons to oust them from the remainder of the positions.

Further Success of Austrians.

Vienna reports that the Austrians have made further advance into Italy in the Cengio zone near Asiago. The town of Celsana and 5,600 Italian prisoners, three cannon and 11 machine guns and 126 bomb throwers were captured.

Rome admits the retirement of the Italians in the Congio zone but says that in the Dalgone valley, the LaGarina valley and on the Posina front Austrian attacks were repulsed with heavy losses.

In Southern Albania, in the region of Avlona, the Austrians have dispersed with their artillery Italian detachments operating in that vicinity.

Paris, June 5.—With undiminished violence the Germans continued their attack last night along the Verdun front east of the Meuse. The war office report of this afternoon says these assaults were unsuccessful.

The Germans attacked French positions in the region of Vaux and Damloup. Between the fort and the village of Damloup, the German offensive was particularly severe. The French are still in possession of Fort Vaux.

In the vicinity of Douaumont, there was heavy artillery fighting. Unsuccessful German raids were undertaken in the Vosges. The statement follows:

"On the left bank of the river Meuse there has been an intermittent bombardment. East of the river the artillery fighting has continued with extreme violence in the region of Thiaumont and Douaumont. The Germans continued yesterday evening and last night their attacks upon our positions at Vaux and Damloup. To the northwest of Fort Vaux on the slopes of the Fumin wood, repeated German advances were completely checked by our fire. All the assaults between the fort and the village of Damloup also were broken.

"There was ferocious fighting between the garrison of Vaux fort and the detachment of the enemy who were attempting to penetrate this position. In spite of the fact that the enemy made great use of flaming liquids, our troops prevented their adversaries from making any progress.

"In the Vosges an attack by the enemy at a point west of Carspach resulted in their becoming possessed of three trenches. Shortly after we delivered a counter attack and drove the Germans from all the positions they occupied."

Tonight's communication reads:

"On the front north of Verdun bad weather hindered the operations. There was no infantry action during the course of the day.

"The bombardment continued with considerable intensity in the region of Vaux and Damloup and on the Vaux front, where the situation is unchanged.

"On the left bank of the Meuse there was an intermittent artillery duel in the Avocourt sector. The day was calm on the rest of the front."

Belgian communication: "Calm prevails."

CARLOAD OF DYES.

First Shipment, Valued at $41,000, Sent From Kingsport, Tenn.

Bristol, Tenn.-Va., June 5. — The first carload of dyestuffs was shipped from the plant of the Federal Dyestuffs & Chemical Company, at Kingsport, today. The shipment consisted of 41,000 pounds of black dye, and was valued at $41,000, said to be the highest price ever brought by a carload of Southern products.

New York, June 5.—New York lost a 10-inning game to Cincinnati here today 3 to 2, the visitors taking the bulk of the series, two games out of three. Pitcher Toney won his own game when he opened the tenth inning with a three base hit and scored on Chase's single. Chase also drove home a run in the first inning. It was the sixth extra inning game lost by the Giants on their home grounds this season.

EVANGELISTIC SERVICES AT DELGADO BAPTIST CHURCH.

Revival Campaign at Church Will Continue Another Week.

The evangelistic services which have been in progress at the Delgado Baptist church for the past week, will continue another week, it was announced yesterday. The services are being conducted by Rev. Jas. A. Clark, pastor of the Winter Park Baptist church.

The services throughout the past week have been largely attended and great interest has been aroused, no less than 45 new members having been added to the church during the week as a result of the revival. Services will be held every night this week at 7:30 o'clock. The public is cordially invited to attend.

MAJOR LEO HEARTT SUCCEEDS THE LATE CLERK A. L. BLOW

Commissioner Sent Raleigh Man Yesterday by Judge Connor.

(Special Star Telegram.)

Raleigh, N. C., June 5.—Judge H. G. Connor, of the Eastern District United States Court, sent from Wilson today a commission to Major Leo D. Heartt, as clerk of the court for the district to succeed the late A. L. Blow, who died Sunday at his home in Greenville. Major Heartt was a close competitor of Mr. Blow for the appointment in 1913 to succeed Major H. L. Grant. He has not indicated yet who he will appointed as depu'y clerk.

had the highest standing, it happily enforces the lesson that intelligence and zeal must go together; that discipline must accompany emotion; and that we must ultimately reply upon enlightened opinion."

Under the custom of the school the student to stand at the head of the graduating class receives as a reward the flag which has flown over the school grounds all year. Several months ago Justice Hughes was invited to make the presentation address, but no announcement of his acceptance ever was made. Miss Catherine Hughes, daughter of the Justice, was a member of the graduating class, but she missed the coveted honor of winning the flag by a few points, taking rank among the first ten.

SIXTH ST. WOMAN WAS ONLY ABLE TO SIT AROUND

Mrs. Mabel Hufham Tays: "Tanlac Is the Only Medicine That Has Helped Me." Again Able to do Housework.

"My system was generally run down to such an extent that I was not able to do housework or anything but sit around" is the way Mrs. Mabel Hufman, residing at 918 South Sixth street, this city, described her former sufferings to the Tanlac Man. "I suffered from a heavy, bloated feeling after eating, and also from pains around my heart and down my left side.

"I was nervous, of course, and fell off in weight and strength, and found it hard to sleep properly.

"Tanlac was highly recommended to me and I was not reluctant in taking to it because the many other medicines I tried failed to help me. I had only been on the Tanlac treament a short time when that heavy, bloated feeling left me and pains ceased attacking me around the heart and on the left side.

"It seems as if Tanlac was made especially for my case. It righted my blood circulation and restored my digestion to normal, enabling me to gain in weight and strength. Now I feel like a new woman, and can do my housework with ease.

"Tanlac has done more for me than any other medicine, and I cheerfully endorse it to all women who might be suffering as I did."

When this case was brought to the attention of E. H. Drum, North Carolina Distributor of Tanlac, he said: "Statements like this, made and published right in the community where the fact can and should be investigated and verified, leave nothing else to be desired in establishing the merits of this great medicine.

"Tanlac stands on what it has done, and on what it is doing every day. Local testimonials from reliable people from all walks of life are published for the very purpose of making investigations easy and practicable for all who suffer from the troubles Tanlac so easily, so effectively and so invariably reaches."

Genuine Tanlac is sold in Wilmington exclusively by the Bellamy Drug Store, where the Tanlac Man explains it daily. In Southport, Watson's Pharmacy sells it; C. L. Halstead, in Burgaw; Bradham Drug Co., Newbern. Each town has a Tanlac drugist.—adv.

thanks and appreciation. I am entirely satisfied with the result and have no misgivings or regrets. If did the best I could and put up the best fight I knew how. I feel very kindly towards the many friends I made during the campaign and hope that even in private life I may be able to render some service to the district.

"Whoever is nominated in the second primary shall receive my loyal support in the November election and my services are always at the command of the party.

"I am not disappointed with the working of the primary, but think some improvements are needed. The two parties should not hold a primary together but should be permitted to decide upon their own nominees under rules which would not be offensive to the voters. A Democratic primary should be conducted by Democratic officials and a Republican primary by Republican officials."

COMPLETE RETURNS SHOW MORE THAN 500 VOTES IN BRUNSWICK

COMPLETE RETURNS FROM COLUMBUS; A SECOND PRIMARY

Whiteville, N. C., June 5.—The official canvass of the vote in Columbus county in the first legalized State-wide primary completed today gave J. A. Brown 1,113 votes against 988 for the field in the contest ior congressman from the Sixth district, the minority vote being divided: Godwin 671, Little 277, Nimocks 34, and Young 6. In majorities, Judge W. P. Stacy led the ticket in this county, getting 1,431 votes to 559 for Ricaud. Bickett's majority over Daughtridge was not as large as at first estimated, being 255.

N. A. Sinclair, Cumberland's candidate for attorney general, received a majority of 400 votes over his three opponents, Judge J. S. Manning coming second with 475 votes. Possibly the most even vote for any State officers was between the candidates for secretary of state, Captain Haywood Clark receiving 688, Colonel Grimes 637 and Harness 583. Only 1,265 expressions for President were made and 960 for Vice President Marshall. For commissioner of agriculture Major McKinnon received a majority of 560 votes over the county.

In the local contests MacRackan received 881 votes, Powell 887 and Brown 229 votes for representative, making a second primary necessary between MacRackan and Powell. For sheriff, Best received 898, Ammons 672, Blake 332 and Lennon 209. A second primary is necessary between Best and Ammons. C. D. Harrelson, of Tabor, is the only nominee for commissioner out of nine candidates, and a second primary for two commissionerships will be between Henry Coleman, of Cerro Gordo; F. B. Pierce, of Hallsboro; J. C. Stanley, of Clarendon, and K. B. Council, of Wananish, the latter a member of the present board.

BOOK MEN SWARM INTO RALEIGH FOR BUSINESS

Bids and Samples Submitted for Five-Year Contracts.

Complete Telegraphic Service on Potato Markets to be Established in This State—Insurance Company Re-Insures.

(Special Star Correspondence.)

Raleigh, N. C., June 5.—This was the last day for the filing of the bids and copies of books offered for adoption by the State Board of Education for use in the public schools of the State during the next five years. In consequence of this the city was full of book men today and they literally swarmed around the State offices. Enough books are filed with each bid to provide a copy for each member of the State Board of Education and of the sub-commission, every member of the commission being supposed to make a personal examination of the books offered.

There is to be a general hearing on the merits of the books offered and reasonableness of prices quoted on June 14, every bidder being privileged to file brief and also have some one make an oral presentation of their cause.

Commissioner of Insurance James R. Young officially approved today to the re-insurance of the business of the Progressive Mutual Life Insurance Co., of Raleigh, in the Durham Life Insurance Co. The Raleigh concern is to go out of business.

The State and the Federal divisions of markets are co-operating in preparations for providing a complete telegraphic service on the Irish and sweet potato markets the country over for the benefit of the North Carolina growers. Elizabeth City is to be the headquarters for this service, the home office of the Carolina Potato Exchange being located there. There will be daily delivery at Elizabeth City of quotations of prices and volume of shipment to all the leading markets of the country. Market conditions and advice as to shipments in the light of the conditions shown will be special features that will be of very great value to the potato growers. W. R. Camp, director of the Markets Division for this State, has just completed the arrangements at Elizabeth City for this service.

DR. KILGO PREACHES SERMON TO TRINITY SENIOR CLASS.

In Baccalaureate Sermon He Draws Lessons from "The Sower."

(Special Star Correspondence.)

Trinity College, N. C., June 5.—Impressing upon the Class of 1916 with his characteristic power the two great lessons taught by St. Walther's "The Sower," a bronze figure which stands in front of Craven Memorial Hall—the cultivation of manly virtue and the dignifying and glorification of work—Bishop John C. Kilgo, of Charlotte, for 16 years president of Trinity College and last spring elected president-emeritus, last night delivered the baccalaureate address, holding the vast audience of more than 1,200 people in Craven Memorial Hall in rapt attention for more than an hour.

The power of his personality and his own typifying of the ruggedness of purpose and willingness to toil, qualities which he attributed to "The Sower," undoubtedly went farther to make the message cling in the hearts of his hearers than did his powerful and eloquent words, powerful and eloquent as they were.

"The Sower," the figure which inspired the message of Bishop Kilgo, is a bronze statue, produced by St. Walther, the German sculptor, and given to the college two years ago by Mr. James B. Duke.

Somehow, said Bishop Kilgo, art has never seen fit to portray to any considerable extent the lowly and humble themes, but has always chosen aristocratic persons, events and occupations as its subjects. Notable exceptions to this fact are the poetry of Burns, who found in a mouse a theme for a great poem, and the painting of Millet, who grew up a peasant and glorified the potato-digger and the gleaner in great paintings. St. Walther chose a commonplace theme for his great piece of sculpture; and I believe that the two great lessons which that figure teaches—the cultivation of manly virtue and the dignity of work—should be definitely related to this college and to your hearts and lives.

Our life bears a peculiar resemblance to a military organization, sometimes camping, sometimes marching, sometimes being repelled by the foe, and sometimes repelling the foe. You may gain small successes every day, but success in its greatest sense comes only in final victory. Men have propounded such proverbs as "Right will prevail," and "Truth will win;" but right will prevail only when some right man makes it prevail, and truth will win only when somebody makes it win.

In preparation for this battle of life, men must fortify themselves with manly virtues. To achieve the greatest success, men must have in them the rugged determination and courage that the Pilgrim Fathers had when they landed upon the bleak New England shore and that Daniel Boone had when he blazed a trail into the great West. I believe that the only great man is the sanctified, well-trained barbarian. When toughness is taken out of men, the very foundation of civilization is removed. David said to his son, Solomon, "Son, be strong; show thyself a man"; but Solomon forgot this fatherly counsel, so-called culture and refinement sprang up, and during his reign, Israel received the death blow. Greece and Rome fell when they were at the height of their culture.

I do not rebuke sweetness and beauty and fineness, but I believe that they should not be taken into the din and roar of battle unaccompanied by strength and firmness. That strength and fineness can be combined is shown by God's great work in making a rugged Lookout Mountain and having birds pour forth sweet melody at the brow of its awful precipice. Young men, when you feel yourselves weakening, remember the stern, determined countenance of "The Sower" and the lessons taught by it.

"The Sower" tells you again that you must be brave, steady workers. No man can rightly get a living without work. Three things go to make a real workman: the disposition to work, the energy to work, and the knowledge of how to work. The great striving of this age toward vocationalism in education overestimates this last element and underestimates the first two elements. If you cannot make a man love the field, you cannot make a farmer out of him, no matter how full you cram his head with facts about the analysis of soils. The willingness to work is the only key to real success.

COLUMBUS DEMOCRATS FORM JOE BROWN CLUB

Launch Determined Movement to Win in Second Primary.

Mr. Brown and His Supporters Confident He Will Win Over Present Congressman in Second Race—Sixty Charter Members.

(By Long Distance Telephone.)

Whiteville, N. C., June 5.—With abundant enthusiasm, Columbus county Democrats today launched a determined movement to secure the nomination for Congress in the Sixth district for Hon. J. A. Brown, of this county. When it became known that Messrs. Little, Nimocks and Young had been eliminated from the second primary, some three score Democrats who supported Mr. Brown and other opponents of Congressman Godwin in the First primary organized the "Joe Brown Club" which has for its purpose the waging of a strenuous, but clean and straightforward campaign for the nomination of the Columbus man.

Mr. Brown was present and was bombarded with congratulations and showered with handshakes, by his former supporters and those who had supported others of the candidates opposing the present congressman. It is the purpose of the club and its members to do everything possible to secure the nomination of the Columbus man for Congress, believing him to be a man who in the halls of the National House of Representatives would reflect great credit upon the district and the State and who would render service unsurpassed by that of any man who has ever represented the district.

Mr. Brown expressed himself as thoroughly confident that he is going to win in the second primary and the same confidence was shown by those who swarmed about him here today. While the "Joe Brown Club" starts with a gratifyingly large charter membership, in view of the suddenness which characterized its organization, it is proposed to rapidly multiply its size, and every member is expected to work early and late for the nomination of the Columbus man in the second primary.

The following are the charter members of the Brown club of Whiteville: D. S. Hines, T. S. Memory, H. B. Memory, S. E. Memory, H. L. Lyon, L. V. Grady, H. B. Maxwell, W. E. McDaniel, B. F. Baldwin, Donald MacRackan, A. W. Powell, S. T. Black, H. M. Tumsden, R. J. Powell, R. E. Powell, E. A. Maultsby, C. R. Spencer, Bruce Pierce, J. E. Thompson, M. M. Meares, Morris Formyduval, W. Ross Davis, H. C. Fisher, A. S. Richardson, K. B. Council, J. W. Brinkley, S. J. Springs, E. M. Toon, M. H. Schulken, J. E. Schulken, W. H. Phillips, M. T. Moyers, J. T. McKenzie, L. J. Meredith, E. Nealy, Lee Formyduval, K. D. Hardee, Charles Gayle, W. W. Schulken, H. F. Schulken, F. J. Schulken, J. L. Burney, Jackson Greer, W. R. McRackan, J. P. Cook.

Clubs will be organized all over the county at once for the favorite son of Columbus.

BROWN RECEIVES MESSAGES OF CONGRATULATION GALORE

(Special Star Telegram.)

Whiteville, N. C., June 5. — "Hurrah for Joe Brown!" If that expression has been shouted one time since Mr. Brown received the official vote in the district here today, it has been many thousand, and demonstrations of admiration for Columbus' candidate, who will be in a second primary with Congressman Godwin, were evident on all sides. Seen by a representative of the Star this afternoon, Mr. Brown gave his friends credit for the splendid vote he has polled in the district, and expressed confidence in the outcome of the second primary. No one doubts for a moment that his campaign has been a clean one and his majority in Columbus was won against strong opposition, and it goes without saying he will follow the same line of campaigning in the race just beginning.

Since receiving the official vote from the different counties in the district today, Mr. Brown has received many telegrams and messages of congratulation. From some of the counties he received long distance messages containing assurances of strongest support in the coming contest, and the many manifestations in his behalf here today were amply warranted by the news that he has received. In some counties his friends have already organized for an aggressive campaign and in Columbus his supporters are actively engaged in a determined effort to nominate him as the next congressman from the "Bloody Sixth."

His majority in Columbus over Representative Godwin was 442.

Another at Chadbourn.

Chadbourn, N. C., June 5.—Chadbourn has organized enthusiastic Brown Club for aggressive campaign.

WOULD SELL WEST VIRGINIA PROPERTY TO PAY OFF DEBT.

Formal Request Made by State of Virginia of Supreme Court.

Washington, June 5.—The State of Virginia today formally requested the Supreme Court to direct its marshal to seize and sell sufficient of the property of West Virginia to pay off the $12,393,000 judgment awarded in settlement of the old state debt existing before the division of Virginia. The application was taken under consideration.

Only one precedent exists for such a proceeding. That was the order by which the marshal was directed to sell from the North Carolina capitol steps property to satisfy a judgment on State bonds awarded South Dakota. In that case judgment was paid before the day of sale.

Attorney General Lilly, of West Virginia, opposed the motion, explaining that his state had not been able to consider the court's judgment because the legislature had not been in regular session since.

Kinston, N. C., June 5.—A delayed report from the Strabane section, some miles from here, says a five-months-old daughter of J. L. Bizzell and wife was smothered to death by a small brother Friday. The mother of the children put the baby in a bed and left her. The boy climbed in beside her and fell asleep, pulling the covering over the infant's face so that she could not get air.

THEATRICAL

It's a day of big favorites at the Grand today—the greatest all-star line-up you have ever yet received for your five cents—and that's all it costs today.

Today's bill is headed by a great three reel Essanay dramatic feature, "The Profligate," and it stars those three great favorites, beautiful Ruth Stonehouse, dashing Bryant Washburn and strong Ernest H. Calvert, three of the greatest photoplay stars now on the screen.

"The Profligate" is a great story filled with big dramatic incidents. It was produced from Arthur Hornblow's noted novel of the same name, and contains many thrilling situations, in the hands of this all-star cast making one of the most attractive offerings seen in some time.

The story tells how a reformed profligate falls in love with a girl who afterwards learns of her past. To prove himself innocent of his foster uncle's murder a crime of which he had barely been acquitted, he sets out to find the real murderer. In the murderer he discovers his own father, who had deserted him when he was a baby. The girl learns the truth and signifies her love for him in spite of it. Of course Ruth Stonehouse is the girl, Bryant Washburn the profligate and E. H. Calvert the father. You can just imagine them in these roles!

Mary Fuller—Universal's popular and pretty Mary—comes to the Grand today in a great single reel drama, "Three Wishes" displaying some of her noted charms to an advantage. It's a great bill—and only five cents!

Some Comedy This at Bijou.

With cocktails in the carburetor and the tires filled full of joy juice, the L-Ko comedians out at Universal City recently put on a two-reeler which is a pie-eyed panorama of vim, vigor, vitality, nerve and vicissitudes. They call it "Gaby's Gasoline Glide," but call it anything you wish—it's as full of rattling fast action as an ammunition train being chased by a Jack Johnson 42-centimeter shell.

The meat and bones of "Baby's Gasolene Glide" is an old, old story, but with a decidedly different ending. It's the latest gloom chaser, joy-provoker, laff-maker—hilarious, screaming, side-splitting, horah komedy—the one that outs the "come" in comedy, as far as getting the crowd is concerned, and it heads today's great bill at the Bijou in two smashing reels.

The twelfth great chapter of "Graft" starring Hobart Henley, Jane Novak and Harry Carey is also on today's bill and as this serial is getting stronger every week, it is simply taking like hot cakes all the time, every week getting bigger and bigger. Don't miss the twelfth great chapter on today's Bijou bill of big things.

Vivian Martin, at Royal Today.

Vivian Martin, one of the most diminutive of the popular and beautiful screen actresses, appears in the title role of Israel Zangwill's master-drama, "Merely Mary Ann," which is to be presented today at the Royal theatre, a great six act William Fox production, a charming love story in which tragedy and comedy are happily merged.

"Merely Mary Ann" is the wonderful story of a beautiful house maid who became a rich society leader. Beautiful Vivian Martin playing the leading role in her usual bewitching manner, although this is the first of her big features produced for William Fox. The play gives a powerful expose of the nefarious trade of the cadet as it is practiced in the world's largest cities. It deals with Mary Ann, a beautiful country girl who goes to work in a city boarding house and who is subjected to the loathsome attentions of Sid, dance hall habitue

In the photoplay, to preserve the unities, Mary Ann escapes from her conscienceless tormentor. In real life, however, there are only too many thousand cases which end differently.

A cast of unusual prominence includes Harry Hilliard, Laura Lyman, and Niles Welch.

SUPREME COURT INTERPRETS HARRISON FEDERAL DRUG ACT

Only Those Who Deal in Opium Allowed to Have It in Poscession.

Washington, June 5.—The Supreme Court today interpreted the Harrison Federal Drug Act of 1914, making it unlawful for any person not registered under the law to have opium in his possession, as applying only to those who deal in the drug and not to those who use it.

The Harrison drug act, enacted by Congress in 1914 and pronouncing it unlawful for any person not registered under its terms to have in his possession any opium or its derivative, was an outgrowth of the international opium agreement of 1912.

For years the United States made efforts to aid the suppression of the opium traffic. It joined in the meeting of an international commission in Shanghai, China, in 1909, to encourage Oriental countries to suppress the traffic. Later it suggested and brought about a convention of nations in 1912 with full powers to act on the subject. A treaty was drafted, declaring that the signatories should take measures for gradual and efficacious suppression of the use of prepared opium and should enact pharmacy laws and regulations limiting use to a medical and legitimate purpose and to co-operate to prevent its use for any others.

No steps were taken to put the treaty into force in the United States until 1913, although nearly all the other countries concerned had acted, some enacting very drastic laws. Shortly after President Wilson came into office, he sent a message to the House accompanied by a report of the Secretary of State, urging legislation to place the United States in a rightful position before the world in regard to the subject. The Harrison law was the result.

Indoor Life Makes Fat

TRY OIL OF KORIEN TO KEEP WEIGHT DOWN, OR TO REDUCE SUPERFLUOUS FAT.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stoutness, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air is said to weaken the oxygen carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are satisfied in their own mind that they are too stout are advised to go to Elvington's Pharmacy or any good druggist and get a box of oil of korein capsules, and take one after each meal and one just before retiring at night.

Even a few days treatment has been reported to show a noticeable reduction in weight, improved digestion and a return of the old energy; footsteps become lighter and the skin less flabby in appearance as superfluous fat disappears.

Oil of korein is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial.

Drive Catarrh Away By Purifying Your Blood

During winter, nature changes the blood of man and we, because of our habits, unconsciously do those things which are against nature. Then far down amid the vital organs creep weaknesses, that our blood is not vigorous enough to fight off.

Here is where Catarrh enters and quickly makes a conquest. We feel the effects of a cold in nose or throat and sometimes in lungs and stomach. The most common symptoms of the presence of Catarrh is an inflamed and tender condition of the breathing passages and the blocking of throat and nostrils with mucous.

It is a frequent mistake to treat this symptom and neglect the actual disease.

If the blood was pure and vigorous Catarrh would not get a foothold. But having gotten a foothold in our system, the only possible way to cure the disease is to remove the impurities from the blood and at the same time tone up the blood so it will become vigorous and healthy again.

The use of washes, sprays, salves, have only a temporary local effect; they do not reach the disease. S. S. S. has proved for half a century to be the most powerful antidote to poison in the blood. Its action is to strengthen the blood corpuscles so they fight off disease. If you suffer from Catarrh in any of its forms, don't be misled into treating the symptoms but take S. S. S. and remove the cause.

Any druggist can supply you. Get the genuine. Write our Medical Department, Room 21, for advice. Swift Specific Company, Atlanta, Ga.

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE EASTERN DISTRICT OF NORTH CAROLINA AT WILMINGTON.

In the Matter of the Petition of Franco-Ottoman Shipping Company, Limited, as Owners of the Steamship "Cromwell" for Limitation of Liability.

Notice of Monition.

The President of the United States,
To the Marshal of Said District:

Whereas, a libel or petition has been filed in the District Court of the United States, for the Eastern District of North Carolina, on the 29th day of November, 1915, by the Franco-Ottoman Shipping Company, owners of the Steamship "Cromwell," praying the decree of the Court that the said libellant is not liable for the loss and damage occasioned by the collision in the said Libel and Petition set forth, occurring on the Second day of January, A. D., 1914, on the Northeast Branch of the Cape Fear River, near Wilmington, between the said steamship "Cromwell" and the iron bridge of the Wilmington Railway Bridge Company, or any part thereof, and that the libellant and petitioner be declared entitled to the benefits of the provisions of the maritime law and of the statutes of the United States of America in such cases named; and,

Whereas, the said Court has authorized and directed that a stipulation be entered in the sum of $64,848.28 the alleged value of said petitioner's interest in said vessel and freight, which stipulation has been duly entered and filed in this Court; and,

Whereas, on the 31st day of May, 1916, the Court ordered that a Monition issue to all persons having claims by reason of the premises, citing them to appear before the said court to make proof of their claims, the same to be filed on or before the Twelfth day of September, A. D., 1916, with S. P. Collier, Deputy Clerk of the Court, at Wilmington, N. C., with liberty to libellants, or any other person in interest, to contest any claim so presented.

You are Therefore hereby commanded to cite all persons having, or pretending to have, claims for any loss, destruction, damage or injury occasioned by reason of the said collision, to be and appear before the said court at a session thereof, to be held in the District Court room, in the City of Wilmington, on the 12th day of September, 1916, at ten o'clock A. M. Then and there to answer the said libel or petition and make their allegations in that behalf; and on or before said day to make due proof of their respective claims before the said S. P. Collier, Deputy Clerk of the said Court, at his office in the City of Wilmington, with liberty of any party in interest to contest such claim; and what you have done in the premises do you there and then make return, together with this writ.

Witness the Honorable H. G. Connor, Judge of said Court at the City of Wilmington, in the Eastern District of North Carolina, this Second day of June, A. D., 1916.

The Bull Moose suspected him of being the most eligible man for the Republican nomination at Chicago and so his dangerous character has been pointed out to the Republicans. In fact, they have been warned that Hughes is only "a weak imitation of Wilson."

A New York dispatch says: "Wall Street is for Roosevelt." Of course, after Wall Street and Roosevelt got together at a dinner and finished it up without having to call in the police, it was just naturally inferred that Wall Street was for the Colonel and that the Colonel was for Wall Street just as much as it was for him. Wall Street has never seen itself giving a billionaire dinner to an overworked Democratic president.

Governor Whitman, of New York, has vetoed 59 acts of the general assembly. The wisdom in the exercise of one-man power depends upon whether a governor or a legislative has the most sense. It would be a little safer to let the acts of the people's representatives go to the Supreme court for revision, as is done in North Carolina. Nevertheless, there are people in this State who want to increase the power of the governor over the legislative or representative branch of their State government. The most democratic form of government is that in which power is distributed instead of concentrated. One man with too much power is as liable to become as much of an autocrat as the average Georgia magistrate.

A GREAT CAROLINA INDUSTRY.

We can appreciate the growth of a great North Carolina industry by reading the account and scanning the illustrations on three pages of the Manufacturers' Record of Thursday last. It is a sketch of the mammoth manufacturing plant of the R. J. Reynolds Tobacco Company at Winston-Salem, now a vast establishment consisting of a group of large and elegant brick and concrete structures that seemingly constitute a city. It is really an enormous affair, and its one striking feature is the growth of the plant from a small two-story building in 1875 to an aggregation of enormous buildings in 1916.

Just one page of The Record presents a picture that halts the imagination to conjure the growth of a small business right here in the South into one representing an enormous investment and manufacturing value. Let us pause to emphasize the significant fact that the small beginning of this great industry signifies the seizure of an opportunity. The tobacco producing resources of the Winston-Salem territory had possibilities in them, and the opportunity in it was visualized by Col. R. J. Reynolds, who has made himself a multi-millionaire by recognizing the fact that leaf tobacco provided a local raw material which called for a local factory to convert the raw material into the finished product within the zone of production. The fact is, the foresight and initiative of Colonel Reynolds has put several men on the millionaire list. Doubtless this is the most convincing instance of The Star's oft repeated injunction that the place to manufacture the South's raw materials is right where we can produce or secure them in abundance.

Let us catch on to the fact that Colonel Reynolds and others who established tobacco factories provided a home market and thus assured the tobacco industry. The production and manufacturing industries have grown up together, side by side, and neither could have become commercially possible without the other. Today Winston-Salem manufactures more tobacco than any other city on earth. Industrially it has made Winston-Salem first among the cities of North Carolina, and when population is considered in a comparative way the North Carolina city ranks ahead of all other cities of America for per capita production. During the fiscal year ended June 30, 1915, the United States revenue collections on tobacco in the Fifth North Carolina district (Winston-Salem) were $7,844,331.43, or 40 per cent greater than St. Louis' tobacco tax of $5,559,252.74 during the same fiscal year. Thus Winston-Salem has taken the lead of St. Louis, which city until recently led the world as a tobacco manufacturing center. The growth of the industry in North Carolina's greatest manufacturing center is indeed phenomenal. The Record says:

"For the year 1914 the United States Census showed that the cities of St. Louis and Winston-Salem—the two leading tobacco manufacturing centers of the world—had from their combined tobacco manufacturers an output valued, respectively, at $32,207,893 and $32,273,966. From these figures it will be seen that Winston-Salem led St. Louis by $66,073 in 1914. When they become available the figures for the fiscal year ending June 30, 1916, will show Winston-Salem's lead to be nothing short of amazing.

"In this connection note that last week the tobacco manufacturers of Winston-Salem paid the United States government $271,253.27, through its local internal revenue office, for revenue stamps, and for the fiscal year ending June 30, 1915, the receipts collected from the local manufacturers of tobacco totaled $7,123,278.78, or an approximate weekly average of $136,000. Compared with last week's receipts, the average weekly receipts during the fiscal year ending June 30 of last year were about half the amount of the latest weekly figures. These figure facts eloquently show the tremendous increase that has been made here during the last year in the manufacture of tobacco.

"Much ado was made over the fact, right after the new postoffice and Federal building was completed here at a cost of $250,000, about a year ago, that the receipts within eight business days after it was occupied amounted to the cost of the building. Now the building pays for itself—often more—every six-day week through its internal revenue collections.

"Another factor that points to Winston-Salem's growing importance as a tobacco manufacturing center is the fact that it has been designated as a port of entry and a deputy collector of customs has been appointed and is now in charge. This means that the duty on imported materials, particularly sugar, licorice and imported tobaccos, which are used in large quantities by the local tobacco manufacturers, may be collected by the local customs officer. The goods will be shipped here and stored in a bonded warehouse, which the R. J. Reynolds Tobacco Co. has made available for that purpose. And while it was mainly through the efforts of the Reynolds organization that a port of entry is being made of Winston-Salem, Mr. Reynolds advises that the other firms of the city may have their imported supplies stored in the building and they will be charged only a nominal rental.

"The advantages of Winston-Salem becoming a port of entry is apparent. Costly delays at the seaports will be obviated; the customs collections will augment the local receipts and another important branch of government business will be added to the city. Winston-Salem, according to a neat little folder issued by Secretary J. L. Ludlow of the Board of Trade, styles itself "the city of diversified industry." Briefly, the value of its annual total factory output is $45,000,000; the investments in its factories total $30,000,000 and has an annual payroll of $6,000,000. Approximately $20,000,000 of this capital was added between the years of 1900 to 1915. According to the United States Census, the increase in factory products from 1900 to 1910 was 243.2 per cent., and the estimated increase from that time to 1915 was 130 per cent. As about three-fourths of the value of the annual output of all the local factories is represented by tobacco products, I am devoting this article mainly to Winston-Salem's chief industry—tobacco manufacturing.

"There are six tobacco manufacturing companies in Winston-Salem, and between them they manufacture the tobacco leaf into cigarettes, smoking tobacco, chewing tobacco (plug and twist), and snuff. Located as it is in the heart of the Piedmont tobacco belt of North Carolina and drawing on the markets of Virginia and Kentucky besides, Winston-Salem enjoys not only a large business in the manufacturing lines, but there are four loose-leaf tobacco warehouses which sell for the farmers in the surrounding country their tobacco across their floors direct to the buyers of both the local and foreign concerns. According to G. E. Webb, secretary and treasurer of the Tobacco Association of the United States, approximately 27,000,000 pounds of loose-leaf tobacco, valued at $4,500,000, was sold in the local warehouses last year.

"Ask any citizen of Winston-Salem what is the most important and the largest industry in the city, and he will at once point with pride to the gigantic plant of the R. J. Reynolds Tobacco Co., which manufactures tobacco products that are advertised—thus incidentally advertising Winston-Salem—and sold in every city and hamlet in this country and in all parts of the world. It has been stated authoritatively that about one-third of the population of this city is dependent upon the Reynolds organization for a living."

There is a personality back of the growth of the R. J. Reynolds Tobacco Company, and that is Col. "R. J. R." himself. He is a modest man and does not care to have too much said about himself, but he always points to the fact that the industry is the main thing and stands for itself. After having sold tobacco manufactured by his father on the family plantation in Patrick county, Virginia, traveling in a wagon all over the country, Colonel Reynolds went to Winston-Salem in 1875 with a cash capital of $7,500. His first plant cost him $2,400, leaving him a working capital of $5,100. Today the R. J. Reynolds Tobacco Company is capitalized at $20,000,000 and carries a tremendous surplus. It employs 10,000 people, several hundred of whom travel all over America from coast to coast, while the company's business extends to all portions of the world.

The Manufacturers' Record publishes a fascinating story of the huge industry founded by a man with keen initiative and large scope to him, and the story but impresses us with the fact that where there are resources the right sort of man can make them yield up their possibilities and opportunities on a marvelous scale.

THE LIVESTOCK SUPPLY FOR A PACKING HOUSE.

By urging the organization of a livestock association, The Star already has anticipated the pertinent query of Capt. George P. Cotchett, who contributes to this morning's Star a communication in which he commends the movement for the establishment of a packing house in Wilmington. However, he brings up for discussion the question of "where the necessary livestock is to come from that will keep the plant busy all the year."

The United States census for 1910 gives the livestock for every county in the State, and the Bureau of Animal Industry sends out the statistics for the five-year period since the census was taken. We have heretofore published the statistics, but they would not apply in this instance, for the increase or decrease since 1910 must be considered along with the reasons why there has been a decrease or increase, as the case may be. As a matter of fact, the statistics show that there has been a large increase in hog raising, while for some years past there was a decrease in cattle because there were no packing house or creamery industries to encourage animal husbandry. However, the livestock industry has grown to such an extent in counties adjacent to Wilmington that the supply has largely outgrown the local demand as to hogs.

It is right there where the livestock industry in Eastern North Carolina is up against it. No further progress can be made unless a packing house market is provided, for the farmers will not raise livestock and swap dollars on it as some of them did during the last winter when country pork sold in Wilmington as low as 6 cents a pound, while some farmers were glad to get 10 cents for dressed hogs consigned to commission houses or butchers in the city.

The merely local demand in Wilmington was over-supplied, hence the market here for hogs and pork was so low that carload shipments were made from our territory to the packing house markets at Richmond, Philadelphia and Chicago. The packing houses had their buyers in North Carolina and South Carolina last fall, and both cattle and hogs were shipped by the carload from Brunswick, Duplin, Wayne and other counties within the territory that would be tributary to a packing house market at Wilmington. Carload shipments passed right through Wilmington bound north from this portion of North Carolina and portions of South Carolina, also tributary to Wilmington.

A Richmond packing house has been a large buyer of livestock right in this territory, and it is mainly Richmond which is giving North Carolina farmers a market for livestock. However, last year the Wilmington abattoir slaughtered 14,000 meat animals, and could have made large inter-state shipments of fresh meats had it been a packing house with Federal inspection of meats. Nevertheless, its business became such that Federal inspection has prevailed at the local establishment for the past year. Up to within a recent period only one-third of the hog production in Brunswick county had been marketed, because the local market was over-supplied and the farmers did not care to sell pork at 6 or 8 cents a pound when prime hogs were selling on the foot at $9.50 to $10.50 per hundred pounds on the packing house markets in the North and West.

We have been keeping a close eye on this situation for some time and it was this condition which impelled The Star to urge the establishment of a packing house at Wilmington. We saw the need of it to encourage the development of the livestock industry and we saw in it an opportunity for a packing house industry in this city. Animal husbandry experts and packing house men have made the same observations and have concluded that our hog raising industry has reached its limit unless we provide a packing house market to take care of our livestock production as it steadily increases. However, a packing house does not depend on a local animal supply, but often buys a thousand miles away.

A Federal meat inspector told us recently that he had been on duty at Nebraska packing houses which do not buy a single meat animal in the state, but depend on a dozen states, even as far away as Oklahoma and Texas. Chicago packers have been buying largely in Georgia, Florida and South Carolina, and at an auction sale of 700 Angus beef cattle at Rock Hill, S. C., last March, buyers for eight packing houses were there to bid up on that prime grade of cattle. We understand that on one market day alone $101,900 was paid out for beef cattle.

The best thing about it is that a packing house in Wilmington will furnish a market for our raw animal material and consequently encourage the raising of livestock till it becomes an established industry in all this region. Anticipating the fact that Wilmington is to have a packing house, The Star already has been urging the organization of an Eastern North Carolina livestock association to promote the industry. That is right on the line of Captain Cotchett's valuable suggestion. We establish two industries at the same time when a packing house makes the livestock industry a certainty, while that industry, in its turn, supports the packing house industry.

THE PACKING HOUSE QUESTION

To the Editor of The Star:

Among the many enterprises that you put before your readers as contributive to the progress and resultant prosperity of this city and section, none bears a "hall mark" of genuine merit as does the establishment of a packing house.

The details of cost of construction, maintenance and management of such an enterprise has, no doubt, been figured out by the promoters, as well as the marketing of the product?

Everybody, it is surmised, understands the business of a packing house to be that of slaughtering, curing, refrigerating and marketing cattle hogs and sheep. Now the question arises as to where the necessary livestock is to come from that will keep the plant busy all the year? Statistics have not yet been published showing the extent of contributive territory, and what is the cattle, hog and sheep product within an area from which a packing house located here can draw its supply? What number of livestock would be available within twelve months' time, and what is the character of such stock?

If the product does not class up with the best, what success can be hoped for in the face of the most thoroughly organized competition of western packing houses with billions to back it?

Would it not seem but a matter of "preparedness" to begin at the fountain-head and work up with the proposition? Is it worth while to consider the advantages of an investment in high grade cattle, hogs and sheep for breeding purposes to be distributed, or stationed at desirable localities for free service to farmers in the section and in this way insure an increase, as well as an improvement in the stock? In compensation for this free service each farmer receiving benefits from it should pledge himself to return to the packing house, from the first litter, if the number warranted it, a sow pig three months old, and these "grade" pigs could be let out to responsible farmers who would in turn pledge themselves to return one or possibly two pigs to the packing house. Cattle and sheep could be handled in in a similar manner to suit the conditions.

The period of gestation averages for cows 283 days, hogs 112 days, and sheep 150 days, so that a fairly accurate estimate of production can be made.

Unless something of this character is done to increase and improve the animal supply of this district, it would be a very small plant that could keep busy all the year round.

GEORGE P. COTCHETT.

CURRENT COMMENT

Certainly, the Republicans do not endorse the primary. Those at the head of that party in this State have no idea of permitting the people to run it.—Durham Herald.

"Will Uncork Barrels of Fun and Nonsense"—headline in the Wilmington Star. As long as our esteemed contemporary is about to uncork something, they would probably have a larger audience were that something of a more liquid nature.—New Bern Sun-Journal.

We observe that ex-Gov. Cole L. Blease has complied with the rules of the Democratic party and has filed his pledge as a candidate for governor. When we heard that he considered running for a third term, The Record doubted seriously that he would actually do so, although we have never in any way discounted his assurance. The Record expects and hopes to have very little to say about this candidate. He has entree to our news columns as any other news source. He is too well known to the people of the State, for The Record to be digging up his record or to be discussing his promises. He was a candidate for lieutenant governor and for governor and for United States Senator, and has canvassed the State nearly every campaign since 1899, being elected twice out of six times up. His ways and his record are known to the people. If they can stand him and stand for him again, we can, too. But we don't expect any such fate. That is about all from us for this campaign, we believe.—Columbia Record.

HEALTH IS WEALTH
by John B. Huber, A.M., M.D.

Health and a good state of mind are above all gold, and a strong body above infinite wealth.—SIRACH.

Localized Neuritis

A GOOD many people have neuritis—that is to say inflammation of the nerves. When a single nerve is affected doctors speak of localized neuritis; when many nerves are inflamed, of a general or multiple neuritis.

Here are some causes of localized neuritis: 1. Cold very frequently, especially in the facial nerve; also gout and rheumatism. 2. Blows on or wounds of nerves, direct pressure on them, the tearing and stretching, injuring or at least straining that goes with most dislocations of joints and fractures of bones; injections of ether have been known to produce neuritis. 3. Then there are the professional nerve palsies due to pressure, in the exercise of some occupations—writers and telegraphists' cramp, the palsy suffered by pianists and violinists after excessive practice, milkmaids, weavers, cigarette roller's cramps, and so on. 4. And there is extension to the nerves of inflammation from neighboring parts, as in a neuritis due to diseased bones or joints. Sometimes neuritis follows fevers. As a rule people having neuritis do not suffer much in a general way, but they do have boring or stabbing pain, sometimes intense, sometimes just tender, causing almost no inconvenience, in the course of the affected nerve and in the parts to which that nerve is distributed. Such a nerve is very sensitive to pressure; and the skin over it may be slightly reddened or glassy or even dropsical, or cold from the sluggish circulation. The function of the muscle to which the nerve fibres are distributed is impaired, motion is painful and there may be twitchings or contractions. The parts may at times feel numb; and then again as if ants were crawling over the skin. There may in the course of time be shriveling of the muscles of the part affected; or the fingers become contracted and the nails brittle. A neuritis limited at first to one nerve of an extremity, say of the hand and forearm, may extend so as to involve the larger nerve trunks or reach even the spinal cord; and thence the inflammation may extend to the corresponding nerve in the opposite side of the body. Paralysis of such organs as the bladder may be due to that kind of ascending neuritis.

CHRONIC MALARIA.

L. M. writes: 1. I have been suffering constipation for several years and have been having to take purgatives to move my bowels. What causes the constipation? 2. There isn't any taste at all in my mouth and my tongue has a whitish coat on it every morning. What is the cause? 3. Can the organ of taste be destroyed, and if it is, can it be restored? I suffer a great deal of my bones aching. What is the cause of any one feeling so stiff and bones aching so?

Answer: 1. The causes are many. Those which might apply in your case are: Sedentary habits, irregularity of hours for going to stool; persistent use of purgatives and cathartics; improper diet, poorly cooked or not chewed enough; not drinking water enough. Constipation occurs in connection with or after recovery from many general diseases—anemia, nerve fatigue, diabetes, heart, kidney, liver, stomach and intestinal troubles. 2. Due to constipation; perhaps also to malaria. 3. Nasal catarrh diminishing the sense of smell will also affect the sense of taste. In your case the sense of taste should certainly be restored when the tongue becomes clean and any possible catarrh cured. Probably due to malaria. Get your blood tested to find out if this is so. Possibly also, due to rheumatism. Am writing you personally.

CHRONIC LEAD POISONING.

Answer to L. E. A.: Chronic lead poisoning comes from the continual absorption of lead, in many occupations, usually through the skin. Such sufferers have the blue line around the gums, colic, temporary blindness, wrist drop and other muscular paralysis, headache, pains in the joints and kidney trouble. This form of mineral poisoning may be avoided to a great extent by cleanliness, especially of the mouth and teeth, and by washing the hands frequently. Internally sulphuric acid lemonade, Epsom salts and iodide of potash are the right medicines.

CANVASS RETURNS FROM NEW HANOVER COUNTY

Official Figures for Saturday's Primary Are Compiled.

Twenty-Nine Hundred Ballots Were Cast for Democratic Candidates —No Material Change in Unofficial Results Shown.

Exactly 2,900 voters participated in the Democratic primary election in New Hanuover county Saturday, according to the official returns, which wer received at the Court House yesterday at noon by the Board of Elections. The official figures showed but little difference in the standing of the different candidates.

The meeting of the registrars from the various precincts was called to order by Mr. C. W. Woodward, chairman of the County Board of Elections. Mr. T. G. Landen was elected chairman of the meeting and Mr. L. H. Partin was made secretary. It required several hours to compile the official results of the primary.

The Democratic Executive committee probably will take no action on the calling of second primary to decide the contests for recorder, sheriff and county solicitor until after the State Board of Elections has acted on the question of having a second primary for State and Congressional elections. However, it is expected that it will certainly be necessary to have a second primary for the congressional candidates from the Sixth district and this under the State law will have to be held on July 1. The county primary would be held earlier than that time, if there were no State primary, but it is not considered wise to have the primaries on separate days.

The official returns showed that Wilson received 328 votes for president and Marshal 160 votes for vice president. But few of the voters expressed a preference for presidnt but it is worthy of notice that Roosevelt received scattering votes.

The official figures in the Congressional race in New Hanover county were: Little 920; Godwin 1,214; Brown 467; Nimocks 43; Young 23.

Daughtridge received 1,587 votes for Governor and Bickett 813. The official returns gave Capt. Haywood Clark 1,936 votes for Secretary of State, this being 37 votes more than were credited to him in the unofficial returns. This occurred through the transposition of figures in one of the precincts, the official vote for Col. J. Bryan Grimes being 459 votes, or 37 less than were first credited to him. Mr. J. A. Hartness received 49 votes. Mann received 440 votes for State Treasurer and Lacy 1,683. Sinclair received 678 votes for attorney general; Calvert 101; Manning 873; and Jones 250. Shipman received 1,346 votes for Commissioner of Labor and Printing and Dellinger 435 votes. Lee received 1,118 votes for Corporation Commissioner and Boyd received 587. McKinnon received 1,030 votes for Commissioner of Agriculture; Graham 894 and Hobbs 127. Young received 1,625 votes for Insurance Commissioner and McClenaghan 435. Judge Stacy received 1,901 votes for Judge from the Eighth Judicial District and Ricaud received 698.

The official returns gave Bellamy 1,214 votes for the nomination as representative from New Hanover county to the house of representatives and rant received 1,540, a majority of 326 for the latter. For Register of Deeds Mr. John Haar received 2,228 votes. The official returns gave the following returns for sheriff: Cowan 1,083; Fergus 474; Fennell 115; Jackson 741; Watters 386. The vote for recorder was as follows: Empie 809; Furlong 505; Head 633; Harriss 778. The vote for County Solicitor gave Peschau 899; Jones 607; Burton 844. The vote for county commissioner gave Hewlett 1,461; Herbst 605; McGirt, 1,819; Worth, 1,252; Wright 213; Yopp 2,078. Burgwin received 387 votes for county solicitor.

As announced in yesterday's paper L. Clayton Grant, Esq., is the nominee for representative; Mr. John Haar for Register of Deeds, Mr. A. S. Holden for coroner, Messrs. W. A. McGirt, W. E. Yopp and Addison Hewlett for county commissioners. The latter received a majority of only 11 votes while Mr. Yopp led the ticket with 2,078 votes, the official returns giving him even a bigger vote than first indicated.

The vote for constable in Wilmington township gave Davis 1,207; John W. Capps 305; C. W. Kunold, 188; Piver 192; Watson 252. This gives Constable Davis the renomination for this office.

For magistrate for Wilmington township Bornemann received 1,407; Evans 1,158; Moore 987, G. W. Smith, 873; John W. Smith, 644; Savage, 1,433; Williamson 549. There were five candidates for this office to be nominated but only three received sufficient votes for nomination in the first primary these being Bornemann, Evans and Savage. The other four candidates are eligible to go into the second primary but Mr. G. T. Williamson stated yesterday that he would not enter.

The following were nominated for membership on the Democratic county executive committee: Messrs. John W. Gafford, J. A. McNorton, C. C. Cashwell, Thomas E. Cooper, William Campbell, L. Larkins, W. W. Love, J. Herbert Johnston, Gerritt Walker, G. C. McIntyre.

ROBBERS ENTERED STORE AND RAIDED CIGA RSTAND.

Thieves Got Quantity of Cigars and Snuff and Small Change.

By prying off several planks of the weather boarding on the side of Mason Brothers' store, Fanning and McRae streets, it was discovered about 6 o'clock yesterday morning that thieves during the night or early hours of the morning had entered the store and secured a quantity of cigars and cigarettes and half a gross of boxes of snuff. They also broke into the cash drawer and secured a small amount of money which it contained.

The police were notified of the robbery and Officers J .J. Moore and W. H. Kermon went out to the scene with the bloodhounds. As Mr. Mason and his brother and several others had walked around in the store following the robbery, the trails of robbers were confused with the others and the dogs could not distinguish between the trails. The police are inclined to believe from the size of the hole in the side of the store that the robbery must have been done by boys.

CHAIRMAN BREAKS TWO TIES IN THE NEGATIVE

Cape Fear Bridge Proposition is Discussed at Meeting.

Commissioners Willard and MacMillan Have Opposing Views About it and Chairman McGirt Differs From Both.

By breaking two ties and voting in the negative in each instance, Chairman W. A. McGirt, of the New Hanover Board of County Commissioners, prevented any action being taken one way or the other with reference to the Cape Fear bridge proposition at the regular monthly meeting of the Board yesterday afternoon. Commissioner MacMillan asked the Board to authorize a committee to confer with the proper government officials and ascertain whether or not the government would interpose any objection to the building of a bridge across the river and Commissioner Willard moved as a substitute that as it is inadvisable under existing laws to consider the matter of a bridge across the Cape Fear that a committee from the Brunswick Board of Commissioners be appointed to confer with the New Hanover Board.

Commissioner J. T. Kerr voted with Commissioner Willard for his resolution and Commissioner W. E. Yopp voted with Commissioner W. D. MacMillan for resolution introduced by the latter. The substitute was voted on first and Commissioners Yopp and MacMillan asked to be recorded as against it. Chairman McGirt also voted against it and it was lost. Then the original resolution was voted on with Commissioners Willard and Kerr voting against it. Chairman McGirt again voted for the negative, stating that he felt that as the bridge was in the city the city officials should be consulted and also pointing out that he understood that Brunswick had another proposition to make about the matter.

The consideration of the bridge project was only one of a number of matters coming up before the Board at its regular monthly meeting yesterday afternoon. The monthly reports were submitted and read while a number of people were present to urge abatement of taxes. The budget for the Board of Health for the ensuing year, asking for an appropriation from the city and county of $23,575, was adopted by the Board. The budget has already been adopted by the city. Dr. Charles T. Nesbitt, county health officer, in a communication, explained the need of the increases for certain items, notably for supplies and for increases in salaries for several of the employes. A letter was received from the Board of Education asking that the full limit of 45 cents on the poll and 15 cents on the hundred dollars of property be levied for educational purposes.

Commissioner MacMillan submitted to the Board a report from Mr. A. D. O'Brien, a civil engineer, who was employed to make a survey of the Cape Fear river and make an estimate as to the cost of building a bridge across the Cape Fear from Wilmington to the Brunswick side of the river. Mr. O'Brien was recently employed by the county to make a preliminary survey, $50 being appropriated for this purpose. Mr. O'Brien found that the strength of the rock into the center of the river was sufficient to support a bridge strong enough to take care of the traffic across the river. He submitted figures also showing that the cost of the bridge could be approximately $88,260.

In this connection Mr. MacMillan introduced the following resolution, which was seconded by Commissioner Yopp:

"Resolved that the chairman be requested and authorized to appoint a committee, who are hereby authorized and instructed to confer with the proper government officials and ascertain whether or not the government will interpose any objection to the building of a bridge across the Cape Fear river from the foot of Market street to the western bank of said river and said committee is hereby requested to take this matter up immediately and report the result of their conference to this board without delay."

Commissioner Willard referred to the mass meeting held in the Court House last year which was attended by both the Board of Commissioners of New Hanover and Brunswick counties and declared that he had not yet found out whether or not a bridge across the river was wanted. He thought that it was agreed at that time that a free ferry would be best. He thought that Mr. O'Brien's figures were too low. Commissioner MacMillan explained that the action taken at the mass meeting was based on the assumption that the government would refuse permission for having a bridge built across the river. He also referred to the greater cost of maintaining a free ferry.

Commissioner Willard said he thought that the inference made by Mr. MacMillan's resolution was that the board would take steps to have a bridge built in the event that the government would give its permission. Mr. MacMillan stated that he did not think that such was the case but that he was perfectly willing to go on record as favoring a bridge. Commissioner Yopp agreed with Mr. MacMillan in his views about the matter.

Commissioner Willard then moved as a substitute for Mr. MacMillan's resolution the following; which was seconded by Commissioner Kerr:

"Resolved, That it is inadvisable at this time to consider the matter of a bridge across the Cape Fear river under the laws as they exist at present, which in our opinion are not equitable as far as the interests of New Hanover county and the city of Wilmington are concerned, but that the officials of Brunswick county be requested to appoint a committee to confer with a committee from this Board for the purpose of further considering the question of opening up easier methods of access between the two counties."

Referring to the statement that the bridge would be wholly within the city of Wilmington, Commissioner MacMillan declared that he felt that New Hanover county had no right to complain of the generosity of the city. He pointed out that the cost of the greater part of the roads of the county and the greater burden of paying the expenses of the schools was borne by the municipality.

Chairman McGirt explained that he felt that it would be wise to consult the city before taking any action on the resolution proposed by Commissioner MacMillan and also declared that he was not ready to pass upon any proposition which would probably involve an election. He expressed himself as being very strongly in favor of better transportation facilities between the two counties and declared that he

TWO MILLION INVOLVED A. C. L. COAL CONTRACTS

Representatives of 25 Companies Here to Submit Bids.

For Furnishing All Coal Used by System During Coming Fiscal Year —Deal for Supplies Will Be Closed Thursday.

Twenty-five representatives of coal mines in the C. & O., N. & W., Tennessee and Alabama districts arrived in Wilmington yesterday to figure on and submit bids for the furnishing of a year's supply of coal for use on the Atlantic Coast Line system, the amount involved in the contracts to be awarded being upwards of $2,000.000.

Bids will be submitted at the office of Mr. C. M. Butler, supervisor of fuel for the A. C. L., and it is expected that the contracts will be closed on Thursday of this week. The contracts will be for furnishing all coal used on the A. C. L. for a year from July 1, 1916. The contracts are awarded each year at this time. It is expected that representatives from some 15 other companies will arrive today.

The following are among the representatives of the companies registered at The Orton: Messrs. T. J. Burke, Geo. P. Daniels, Fred Legg, and C. D. Martin, of Cincinnati, Ohio; T. S. Crockett, B. F. Wright, C. M. Kaylor, F. Fitzgerald, of Norfolk; S. L. Yerkes, C. S. Bissell, W. C. Adams, J. A. Norman, H. E. McCormick and S. S. Lanier, of Birmingham, Ala.; C. W. Owen, Roanoke, Va.; Jacob Bowley, Bristol, Tenn.; J. G. Hood, A. S. Carey, B. H. Randolph, J. S. Lear and R. H. Williams, Richmond, Va.; John C. Brooks, Greenville, S. C.; F. G. Hilton, Columbus, Ohio.; A. J. Connelly, Huntington, W. Va.; Otis Mauer, Big Stone Gap, Va.; and J. S. Harty, Bluefield, W. Va.

Those who had registered up to last night at the Hotel Wilmington were: Messrs. G. A. Reese, Spartanburg, S. C.; Paul L. Jones, Norfolk, and W. W. Marsh, Cleveland, Ohio.

NEW IRISH POTATOES ARE BRINGING $5 A BARREL

High Prices Are Received This Season for "Spuds" and Other Vegetables.

With new potatoes selling at from $4 to $5 a barrel and other early vegetables at correspondingly high prices the indications are that the present season will be one of the most profitable for local truck growers in many years. Last week the Wilmington markets were well supplied with home grown potatoes, producers receiving about $1.50 a bushel. Prices being received by truckers this year for all sorts of vegetables and other truck grown are much higher than last year. It is conservatively estimated that the strawberry crop this year brought in two or three times as much money to growers as that of last year.

Just what effect the curtailment of the supply of potash is going to have this year on the potato crop this year cannot as yet be forecasted. In the production of no other crop does potash play so important a part. Perhaps 80 per cent. of the normal supply has been cut off by the European war, and farmers have been forced to employ substitutes, or else they have planted without using any commercial fertilizer, a proceeding which never fails to curtail the yields. Although the market price for potatoes is expected to drop, as soon as the shipments from the Norfolk district begin, if they do not drop below $3 a barrel, growers will still have a considerable margin above cost of production. With favorable weather conditions local farmers raise about 50 barrels of potatoes to the acre by the use of a moderate amount of commercial fertilizer. In Germany, where potash is plentiful and cultivation intensive, yields of from 300 to 500 bushels ar ecommon. The big yields being large due to a very liberal use of potash and other fertilizer.

According to messages received by Mr. Z. W. Whitehead, editor of The Carolina Fruit and Truck Growers' Journal, of this city, shipments of dewberries are expected to reach the local market the latter part of this week from truckers in Lee county, where they are cultivated in large quantities. The huckleberry season is also expected to get well under way this week, and berries are expected to begin to move in considerable quantities to market from all over this section of the State.

NEW DEACONS OF CALVARY CHURCH GIVEN RECEPTION.

Successful Event Held Last Night Was Largely Attended.

The newly-elected deacons of Calvary Baptist church, and their wives were given a reception by the older deacons and their wives last night in the reception room of the church. About 50 persons were present at the reception, at which an attractive musical programme was carried out.

Among the features of the programme were piano solos by Miss Benton and Mrs. C. H. Crockett; a vocal solo by Mrs. Strickland, and several selections on the Victrola operated by Mr. W. G. T. Keen. A reading was also given by Miss Oldham. Addresses were made by Mr. Z. E. Murrell, chairman of the board of deacons, and the pastor, Rev. J. A. Sullivan.

The new deacons, of whom there are 12, were installed Sunday night at a special service. In addition to the installation service, the members of the congregation extended the right hand of fellowship to 74 new members of the church who have just recently been received into the church. The new and old members of the congregation participated in the celebration of the Lord's Supper.

NEGRO IS GIVEN SIX MONTHS

Recorder Sends Two Other Defendants to Farm and Roads.

The chief sufferer at yesterday morning's session of Recorders' court yesterday was Sam Hughes, colored, who was sentenced to six months on the county roads on the charge of the larceny of a suit of clothes, the property of Capt. A. T. Blake on the launch, "Isabel."

Other cases disposed of were those of Willie Robinson, charged with forcible trespass, who was given 30 days on the roads in default of the costs; Carrie Henry, colored, who drew 30 days at the county jail in default of a fine of $20 for disorderly conduct; A. Owens, and Georgie Lewis, both colored, who were given suspended judgments on assault charges.

TO MAKE INVESTIGATION OF THE REGISTRATION

For the Special Election on City Improvements.

Board of Elections Names Committee to Determine How Many Qualified Voters Were Entitled to Cast Ballots.

The city Board of Elections at a meeting yesterday at noon determined to make a thorough and rigid investigation of the registration books for the special city election, held on Saturday for the purpose of determining whether or not the city should undertake certain improvements, before canvassing the returns, and appointed a committee of three to make the investigation. As stated in yesterday's Star, all three of the propositions failed to receive a majority of the registered vote, although getting substantial majorities of the actual vote cast.

It was also stated that nearly a thousand of the registered voters for this special election failed to cast a vote either for or against either of the propositions. The question at issue now is whether or not any of those who registered were disqualified by not having paid their poll tax or through other means.

Chairman C. W. Woodward presided at the meeting yesterday. He said that he felt sure there was some ground for the protests that had been made that there were a number of unqualified voters who were registered, and that he considered it wise to make a thorough investigation before officially declaring the returns. He suggested the appointment of a committee of three to make the investigation and report later in the week. The City Board of Elections will meet Thursday at noon to hear the report of the committee, and if the report is not ready at that time, another meeting will be held later.

The committee appointed is composed of Maj. W. N. Harriss and Messrs. Wm. E. Lawson and J. I. Loughlin. It was suggested that the committee employ a competent accountant to aid in checking up the names.

City Attorney Robert Ruark, who met with the Board of Elections, stated that this body has full authority to make such investigation of the registration as it considers wise in order to determine the number of voters qualified to vote in the election.

At a special meeting of the Rotary Club yesterday afternoon a committee composed of Messrs J. S. Williams, J. B. McCabe and Louis T. Moore was appointed to confer with the Board of Elections, with reference to the purging of the registration books. The committee will confer with the committee appointed by the Board of Elections through the courtesy of the latter, and at the request of the Rotary Club.

In this connection, it will be of interest to note that an examination of the registration books shows that there were more than 500 voters who did not vote either in the primary or in the special election divided among the wards as follows: First, 103; Second, 115; Third, 14; Fourth, 53; Fifth, 224; Sixth, 12. A further examination shows that practically 500 voters, voting in the primary, did not vote in the special city election, these being divided among the wards as follows: First, 78; Second, 72; Third, 102; Fourth, 46; Fifth, 162; Sixth, 37.

CHRISTIAN MEN OF CITY WILL ORGANIZE LEAGUE.

At Big Banquet to be Held Friday Night at Woolvin Hall.

With a view to organizing the Christian men of Wilmington into a league, a banquet will be held next Friday night at Woolvin hall on Princess street. The permanent organization which will be formed, is for the purpose of furthering religious work in the city.

A large number of invitations have been mailed out to the Christian men of the city, and those who desire to accept and become members of the league, are asked to mail the return card to Mr. N. M. McEachern, chairman of the banquet committee. The hour of the banquet will be 8 o'clock and each plate will cost 50 cents.

SUMMER SCHEDULES ON.

Steamer Wilmington Now Makes Two Trips Daily Down the Cape Fear.

Beginning last Sunday, the steamer Wilmington began its regular summer schedules, making two trips daily to Southport and Carolina Beach. The boat leaves its wharf at 9 o'clock in the morning and 2:30 o'clock in the afternoon. While the rather cool weather of the last few days has not been favorable to summer resorts, with the coming of June many people are seeking the seashore and the indications are that Carolina Beach will have a most successful season. There will also be many visitors to Southport from now on.

JUDGE STACY LED THE TICKET IN COLUMBUS.

Majority Over Ricaud in Saturday's Primary Was 2,731 Votes.

Judge W. P. Stacy led in point of majorities the entire ticket in Columbus county in Saturday's primary with 1,431 votes, which was a decided compliment to the State's youngest Superior Court judge. His total vote in the Eighth Judicial district was 4,386 votes while Addison G. Ricaud, Esq., received 1,655 votes.

Judge Stacy received 730 votes in Pender, 324 in Brunswick, 1,431 in Columbus and 1,901 in New Hanover. Mr. Ricaud received 257 votes in Pender, 141 in Brunswick, 559 in Columbus and 698 in New Hanover.

Judge Stacy has made a splendid record since his appointment as judge a few months ago and the fine endorsement given him by the Democratic voters of the district is a distinct tribute to his ability. He has presided over the courts in this district and also in other parts of the State with great credit to himself and the people.

MISS MAMIE NATHAN BECOMES BRIDE OF MR. E. I. BEAR

A beautiful home wedding was solemnized yesterday afternoon at 5:30 o'clock at the home of the bride's parents, Mr. and Mrs. Aaron Nathan, No. 113 South Seventh street, when Miss Mamie C. Nathan became the bride of Mr. E. I. Bear, the ceremony being performed by Dr. S. Mendelsohn, rabbi of the Temple of Israel. The wedding was a quiet affair and was attended only by intimate friends and the relatives of the family.

The pretty home was attractively decorated for the occasion with Southern smilax and palms. Prof. Alf. H. Yopp at the piano and Mrs. J. D. Edwards with the violin played the "Bridal Chorus" from Lohengrin as the bridal party entered the parlor, where the impressive ceremony was performed, and while the vows were being said rendered softly "O Perfect Day."

Mrs. Marx S. Nathan, who was dame of honor, was the first to enter. She wore a lovely gown of white Georgette crepe and taffeta with white Georgette hat and carried a bouquet of pink Bride roses tied daintily with pink tulle. Little Misses Mary Schloss, cousin of the bride, and Florence Rothschild, niece of the groom, who wore pretty dresses of pink taffeta, were flower girls and carried baskets of shaded sweet peas.

The bride, who entered on the arm of her father, who gave her away, looked most charming in a going away gown of blue Trico and carrying a bouquet of Bride roses showered with lilies of the valley. The groom entered with his best man, Mr. Sigmund Bear.

Immediately after the marriage ceremony there was an informal reception. The bride and groom left on the evening for a bridal trip which will include a tour of the New England states after a short stay in New York. They will also visit points in Canada, returning to Wilmington in about three weeks after which they will be at home to their friends at their summer home at Wrightsville Beach.

The groom is a popular and capable young business man being a member of the well known firm of Samuel Bear, Sr. and Sons, wholesale grocers, of this city. Mrs. Bear is a young woman of charming personality with a host of admiring friends in this and other cities.

The out-of-town guests here for the wedding were: Miss Bertha Levy, of Richmond, Va.; Miss Raye Levy, of Rocky Mount; Messrs. Joseph E. Schloss, of New York, and H. M. Nathan, of Charlotte, uncles of the bride; Mr. and Mrs. Aaron Bluementhal, of Philadelphia, brother and sister of the groom; Dr. S. A. Nathan, of Newbern, Mr. Joseph B. Nathan, of Tulsa, Okla., and Mr. Marx S. Nathan, of Washington, D. C., brothers of the bride.

COUNCIL-M'KAY RECEPTION HONOR OF WEDDING PARTY

Fayetteville, N. C., June 5.—The night of June 1st was a proud one for Deserette, the big, old-fashioned home of the Council family in upper Bladen. Then it was that brothers, sisters, cousins, nephews, nieces, and friends, old and young, assembled to welcome to her new home the sweet young bride of Mr. Roy Council. This beautiful old place, with its antique mahogany furnishings, has for years been left to the mercy of dust and old bachelors, or else altogether tenantless, and now sees the beginning of a new era of life and hospitality. The wedding party arrived there from the home of the bride about 6 o'clock and soon the broad halls began to fill with guests. Tradition has it that the old style country wedding feast was a little ahead of any modern social function in bounty and hospitality, but this reception must have been arranged exactly on the former plan.

After a series of happy meetings and congratulations, the guests went into the sitting room to see the gifts. Soon each man was given a card bearing the name of the one he was to take in to supper and the following verse:

"Go find your partner and lose no time,
For the hour has come for you to dine,
Just make your way where the table is set
In the dining hall of Deserette."

The tables were arranged in a lattice enclosed breakfast room and on them was served a supper that was a supper. All the good things from fried chicken and ham, down through the cream and cake course, ending with hot coffee, rich with whipped cream made the name Deserette sound incongruous to the ninety-seven guests who enjoyed the meal.

After supper the music and conversation proved so interesting that although the invitations read from "eight until eleven," it was one o'clock when the last farewells were spoken, and even then twenty-five of the near relatives and friends remained for the rest of the night. Those who had known the bride as Miss Isabel McKay and those who had just met her for the first time, all went away feeling that Mr. R. I. Council had accomplished a splendid thing for Oakland neighborhood, as well as for himself, by bringing her into its midst.

DELGADO PRESBYTERIAN CHURCH FORMALLY ORGANIZED SUNDAY.

By Commission Appointed by Presbytery and Officers Elected.

The organization of the Delgado Presbyterian church was effected at a meeting held at the church building Sunday afternoon, the new congregation starting upon its independent career with 177 members. This congregation was formerly conducted as a mission under the auspices of the First Presbyterian church, of Wilmington, but at the last meeting of the Wilmington Presbytery the congregation petitioned that it be organized as an independent church. The request was granted and the Presbytery appointed a commission to effect the organization. Rev. Andrew J. Howell, pastor of the Winter Park Presbyterian church, will continue to act as supply pastor for the Delgado church.

The following officers of the church were elected and installed: Elders, Messrs. W. A. Woods and W. C. Scoggins; Deacons, Messrs. W. I. Holt, I. V. Holt and John W. Hall.

Rev. Dr. J. M. Wells, Rev. Dr. A. D. McClure, Rev. A. J. Howell and Ruling Elders J. A. Springer, James Sprunt and C. H. Robinson were the members of the commission appointed by Presbytery.

Dr. Wells presided at the meeting and preached the sermon. Mr. Springer gave a few words of counsel to the newly elected officers of the church, and Mr. Robinson brought greetings and good wishes from the mother church.

IMPROVED METHODS GAINING

Farm Demonstrator J. P. Herring is Pleased With Progress Being Made in New Hanover.

Improved methods are getting a stronger hold upon the farmers of New Hanover in every section of the county, says Farm Demonstrator J. P. Herring in his monthly report to the Board of County Commissioners, which was read at the session yesterday. He has been especially pleased to find farmers planting soy beans and other cover crops. His report for May follows:

"I beg to report to your Honorable Board that during the month of May I worked 23 days. I stopped at the County Home three days during the month to look after the shipping of my lettuce. I was out one day as commissioner appointed to divide the Hanby estate. During this month I have made 44 visits to demonstrators and 53 visits to other farmers and business men in the interest of the work—visited 14 club boys, visited three schools, and attended eight public meetings (all of these meetings were in the interest of progressive movements).

"I find improved methods are getting a stronger hold on the farmers in every section of the county. We have three farmers sowing clover seed this year, when only one last year. We have planted this year more than 30 acres in velvet beans where last year there were five acres. Soy beans are multiplied several times in acreage this year ove rlast. Instead of allowing weeds and grass to take possession of land not cultivated (or, as the saying is, resting) some are putting in velvet beans, soy beans or cow peas to be turned under for soil improvement. This is the wedge that will open the way for many others.

"The booklet giving the list of prizes for our Corn Show to be held November 7 to 10, is in the hands of the printers. We are getting fine co-operation from other counties in promoting the Corn Show.

"The prospects for a packing house for Wilmington are bright. The committee appointed by the Chamber of Commerce to push the packing house question to a reality, are of the strongest and most progressive men in our community; men whom we believe know a good thing and who have the real interest of our community at heart; men who are not going to allow a thing that has done such great things for other places, to fall down. The farmers are expecting this committee to give them a chance to show other sections of our county how to raise hogs on grass, clover, soy beans, peanuts, potatoes, chufas, corn, etc."

Tarvia on Greenfield Road.

Mr. R. A. Burnett, superintendent of roads for New Hanover county, stated last night that Tarvia would be placed today on the highway from the bridge at Greenfield lake to beyond Sunset Park and requested that notice be given automobilists to keep off that road today, if they do not want to have trouble with their machines.

—Stewart & Otersen and all other drygoods, notion and shoe stores on North Fourth street, will close at 7 o'clock at night for the remainder of the summer season.

REVIVALS FOR 34 CHURCHES

Comprising All Members of Wilmington Baptist Association Were Planned at Conference Held Last Night.

At a conference of the laymen and ministers of the Wilmington Baptist Association held last night at the Southside Baptist church, which was largely attended by members of the Association, it was definitely decided to hold simultaneous revival services next fall in all the 34 churches of the Association, provided the proposal meets with the approval of the various congregations and the necessary evangelists can be secured to conduct the meetings. It is expected that favorable action will be taken by the individual churches at an early date.

The meeting last night was presided over by Mr. George E. Leftwich. About 150 members of the Association were in attendance. Other matters discussed were the building of a church in East Wilmington and the establishment of missions at Rocky Point and near Hampstead.

While no definite action was taken on the subject of either building the church for the East Wilmington section or the establishment of the missions at Rocky Point and near Hampstead, it is thought likely that upon further consideration all three propositions will prove practicable.

In the future, it was announced, the meetings of the Association will be held regularly each month. Last night's conference was the first which has been held since the beginning of the Chapman-Alexander meetings at the Tabernacle.

SAVES DAUGHTER
Advice of Mother no Doubt Prevents Daughter's Untimely End.
Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months.
I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.
Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.
At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.
I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."
If you suffer from any of the ailments peculiar to women, get a bottle of Cardui *today*. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.
At all druggists.

COTTON MARKET UNSETTLED

Is Less Active With Fluctuations Irregular and Narrow—Close Was 3 Points Up to 2 Down.

New York, June 5.—The cotton market was less active today and fluctuations were narrow and irregular. October contracts sold between 12.74 and 12.81, closing at 12.76 and the general list closed steady net 3 points to an advance of six points and with offerings comparatively small, prices worked about 6 to 8 points net higher. After the English market closed Liverpool buying became less active, and prices turned somewhat easier under scattered selling.

On a setback to within a point or two of Saturday's closing figures, however, there was a renewal of demand of houses with Liverpool connections and the market steadied up again. Closing prices were 5 or 6 points off from the best under realizing with the last months relatively easy. The larger exports for the day helped the tone during the early afternoon.

The final figures on the acreage of last year by the Department of Agriculture indicated an area of 32,107,000 compared with the preliminary estimate of 31,535,000 published last July and a lint yield per acre of 170.3 pounds. Latest mail advices estimate the Egyptian acreage for this year at 1,800,000 feddons the largest on record.

NEW ORLEANS COTTON

Prices Stood at a Small Advance Throughout the Day.

New Orleans, June 5.—Cotton stood at a small advance throughout today's session. Recent short sellers were buyers of covers and longs did some fresh buying, bulls being impressed with boll weevil accounts and complains of too much rain in some localities in the central belt. Bearish traders claimed weather conditions were most favorable.

In the early trading prices stood 9 to 12 points up and this rise was widened to 11 to 13 points. Later in the day scalping longs realized profits and the market reacted moderately from the advance, closing at a net gain of 3 to 5 points.

The large exports for the day helped to keep the tone steady.

Cotton futures: Closing bid, July 12.52; October 12.57; December 12.69; January 12.80; March 12.94.

Spot cotton unchanged; sales on the spot 215 bales; to arrive, none; middling 12.63.

MOTOR ISSUES GO HIGHER

Some New High Records Made, Which Were Practically Surrendered at Close—Marines Active.

New York, June 5.—Speculative operations in motors were resumed on an enlarged scale today, publication of additional details, connected with the huge merger of several prominent companies, contributing measurably to further substantial gains and new maximums. Among the high records scored during the session, some of which were largely if not wholly surrendered before the close, were Willys-Overland, which rose 15 points to 325, with 5 3-4 to 117 for the preferred; Chandler Motors 11 to 131; General Motors 11 to 560 and Lee Rubber 2 1-2 to 56 1-2. Interest in shipping shares was revived under the guidance of Mercantile Marine, preferred, which gained 3 3-4 to new record of 100 3-4, with a gains of 2 for the common and three for United Fruit. American beet sugar made new high quotations on its gain of 4 1-2 to 82 1-4 and South Porto Rico Sugar 6 1-4 to 231.

After the spurt in these mercurial stocks had run its course, trading shifted to Copper and Zinc issues, Mexicans and Fertilizers, finally embracing the old war contract favorites. Gains in these stocks ranged from 2 to 5 points, shading irregularly later.

Rails were doubtless checked by the character of the general trading, but even in that division a strong undertone was manifest for a time, with Norfolk & Western achieving a new maximum of 135. There were temporary gains of 1 to 3 points in Canadian Pacific, "Pan handle," Chesapeake and Ohio, Southern Railway, preferred, and Seaboard Air Line, but fresh selling of Reading son effaced these advances and was responsible for the irregular trend at the close. Total sales of stocks amounted to 530,000 shares. General firmness attended the restricted dealings in bonds, with total sales, par value, of $2,620,000.

United States coupon 4s advanced, registered 4s 1-2 and Panama 3s 1 per cent. on call.

FEEL ALL USED UP?

Lots of Wilmington People Do.

Does your back ache constantly?
Do you have sharp twinges when stooping or lifting?
Feel all used up—as if you could just go no farther?
Why not look to your kidneys?
Why not use Doan's Kidney Pills?
Wilmington people have done so.
They tell you the result.

Mrs. W. H. Turley, 1007 E. Fourth St., Wilmington, says: "My back was so weak that I couldn't do my housework, as the least exertion tired me out. My kidneys became inactive and my limbs were swollen. I was nervous nd despondent nd couldn't get any rest, day or night. Finally, I got a box of Doan's Kidney Pills at Bellamy's Drug Store. My back soon felt stronger and my kidneys acted more regularly. I kept on using them and when I had finished six boxes the swelling in my limbs disappeared and I felt like a different person."

Price 50c., at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills—the same that Mrs. Turley had. Foster-Milburn Co., Props., Buffalo, N. Y.

MRS. GEO. D. WALKER DEAD.

Wife of Captain Walker Passes Away at Home at Southport.

(Special Star Correspondence.)

Southport, N. C., June 5.—This morning, Mrs. Sarah Anne, wife of Capt. George D. Walker, died at her home on Lord street, in her 67th year. She was a most estimable Christian woman. Besides her husband her immediate relatives were a sister, Mrs. J. L. Watts, and brother, Col. Jas. H. Dosher, for a long time keeper of Bald Head light. The funeral will be tomorrow.

Washington, June 5.—The Supreme Court adjourned today until June 12, which will probably be the last decision day until October.

WOMEN VERY ACTIVE FOR SUFFRAGE PLANK

Three Day Convention is Formally Opened at Chicago.

Woman's Party Launched Under Auspices of Congressional Union —Over 2,000 Delegates Are Attending Convention.

Chicago, June 5.—History for women was in the making tonight when the woman's party was launched under the auspices of the Congressional Union for Woman Suffrage. The night meeting followed one held during the day, marking the opening of their three-day convention here in an effort to induce the Republicans and Progressives to put an equal suffrage plank in their platforms and to obtain their endorsement of the Susan B. Anthony amendment to the constitution.

Miss Maude Younger, of California, the temporary chairman, made the keynote speech. She said that the "woman's party" would consider no other issue than equal suffrage at present and that it would give its influence to that party which supported the Anthony amendment. Miss Anna Martin, of Reno, Nev., was elected permannt chairman.

Mrs. O. P. H. Belmont, of New York, in her opening speech said that all politicians would be taught something about their business this year by the women.

More than 2,000 delegates from various parts of the country are in attendance. A committee of 100 was named to work among delegates to the Republican and Progressive conventios urging equal suffrage planks.

LAND OWNERS ALONG THE MISSISSIPPI GET NO DAMAGES

Supreme Court Decides in Favor of Government in Levee Suits.

Washington, June 5.—Another attempt by land owners along the Mississippi to proceed against the government on account of floods alleged to have been caused by levee building, failed today when the Supreme Court decided the Mississippi river commission should not be enjoined from constructing or repairing levees.

For a decade or more attempts have been made both in Congress and in the courts by owners of land along the lower Mississippi river to recover damages alleged to have resulted to their property from the construction of levees by the government. The alleged damage in some cases dates back to 1883 and millions upon millions of dollars have been claimed from time to time.

A landmark in the struggle of the Mississippi river land owners was the decision of the Supreme Court on June 17, 1913, in the case of Mattie W. Jackson, a land owner who had sued the government for damages in the Court of Claims. The Supreme Court held that damages could not be recovered.

About the time of this decision John F. Cubbins, of Memphis, Tenn., on his own behalf and on behalf of all other members of the Riparian Land Owners' Protective Association, was to bring suits in the federal district courts in Mississippi, Louisiana, Tennessee and Arkansas to enjoin the Mississippi River Commission and various state levee boards from maintaining or further constructing levees along the river. He sought to distinguish his cases from the Mattie W. Jackson case, but the district courts decided against him and he appealed to the Supreme Court. The appeals constituted the basis for the action today.

The effort to distinguish the cases from the Jackson case was based first on the contention that the Jackson land was subject to overflow at times before the levee construction across the river by the government whereas the Cubbins land was not so subject to overflow previous to levee construction. Secondly, it was contended that the Jacksons built a levee on their land before the construction of the levee on the opposite side of the river and hence they could not complain when the others did that which they themselves had done.

PROGRESSIVES TO POSTPONE ACTION?

(Continued from Page One.)

full, probably on Wednesday afternoon in the Chicago newspapers."

Vigorously Outspoken.

Many delegates were vigorously outspoken t night against delay. Some appeared determined to force Colonel Roosevelt's nomination on Wednesday, the opening day. Several leaders expressed doubt tonight that the delegates can be held in check while the Republicans are deliberating.

The meeting called today for tomorrow afternoon with chairmen of all state delegations, it was understood, is to thresh out the question of delaying the nominations. A final decision may be reached after the temper of the delegates themselves is sounded, through the chairmen of delegations.

Leaders favoring the programme of delay were much perturbed over William Allen White's announcement that the National Committee had formally decided upon such action. They frankly disliked the possible effect of delegates demanding Colonel Roosevelt's nomination, regardless of Republican action. Prompt and emphatic denial that the committee had acted, came from Chairman Murdock and E. A. Van Valkerburg.

In the committee meeting which was executive Mr. Perkins, Governor Johnson and others discussed the question of the convention's withholding action upon nominations, while waiting for Republican action.

Reading a detailed report of the work of the executive committee, of which he is chairman, Mr. Perkins said he thought it important that the Progressives should give the Republicans at least a chance to show their attitude toward joint nominations.

Perkins Argues for Delay.

Mr. Perkins argued that by delaying action there would be a better chance for the joint nomination of Colonel Roosevelt and in the event of failure the Progressives could place responsibility for the deadlock upon the Republicans.

Mr. Perkins pointed out that neither executive nor national committees could bind the convention upon any postponement programme beyond the moment of permanent organization. He said the Progressives could act much more rapidly than the Republicans, having fewer nominating speeches and nominees. He admitted the delegates might grow restive if the convention should remain idle, but said it was important to be ready for any coup and to keep them in Chicago. A resolution endorsing the executive committee's action was construed as carrying with it approval of the delay plan.

DUPLIN GIVES BICKETT AND CLARK GOOD MAJORITIES

Warsaw, N. C., June 5.—Results of primary in Duplin: Wilson 1,130, Hughes 1, Roosevelt1, Marshall 1,013, Major 5, Prichard 1, Bickett 662, Daughtridge 436, Clark 814, Grimes 273, Hartness 15; Lacy 732, Mann 422, Calvert 291, Jones 72, Manning, 591, Sinclair 115, MvKinnon 231, McClenaghan 160, Young 904.

Nominations for county officers were: George D. Ward, House of Representatives; G. G. Best, sheriff; J. J. Bowden, register of deeds; F. P. Fonvielle, county surveyor; W. F. Smith, coroner; W. G. Kornegay, W. J. Middleton, D. H. Williams, commissioners. County contest over member of the lower house was very spirited.

WAYNE FOR CLARK, MANNING, McKINNON, LACY, BICKETT.

Goldsboro, N. C., June 5.—Complete returns from all precincts in Wayne show a large majority for Bickett and good majorities for Haywood Clark, Lacy, McKinnon and Judge Manning. In the senatorial contest Matt Allen has won a majority over all opponents. The vote being as follows:

Allen 760, Thompson 389, Parker 286, and Roberts 78.

Gid Grantham has defeated Reeves for register of deeds by a majority of four votes, but there is some contest over the vote for register of deeds in Saulston township which will not be settled until Wednesday by the board of elections. It is understood, however, that Grantham will have a majority of two votes even if the Saulston vote is not counted. A new board of county commissioners has been nominated with the exception of Nick Newsome.

FULL OFFICIAL RETURNS FOR PENDER; ALL OFFICES

Elizabethtown, N. C., June 5.—The official count in Bladen county gives: Wilson 941, Marshall 636, Roosevelt 162, Hughes 15, Root 2; Bickett gets 338 majority; Grimes 337, Hartness 345, Clark 255; Mann 655, Lacy 279; Sinclair 600 majority over opponents. Godwin's majority 45 over opponents.

A TRIBUTE TO WM. OPPER.

When the dark angel called William Opper from the bosom of his family and from the activities of life, it found him in the attitude of prayer in the Sunday School he loved so well. Without warning, without suffering, in the prime of life, he laid aside all earthly burdens, surrendered all material hopes, severed all family ties and relinquished the business associations and companionships which had been his for years, to follow his guide over the boundary line between life and death.

For many years William Opper had been in the service of the Atlantic Coast Line Railroad Company, and but few of its servants had more friends among their associates than he. With his genial disposition, cheery salutation, ready assistance and air of friendliness to all mankind, it was but natural that he should have won a place in the hearts of those who were daily associated with him and who knew him well.

In this dark hour of sorrow, when the severance of family ties begets a human longing which only heavenly aspirations can satisfy, the bereaved family have the heartfelt sympathy of

DR. THOMAS H. LEWIS HEARD

Preaches Commencement Sermon for East Carolina Teacher Training School.

(Special Star Correspondence.)

Greenville, N. C., June 5.—Dr. Thos. H. Lewis, a distinguished minister of the Methodist Protestant church, president of Western College, Westminster, Maryland, preached the commencement sermon at East Carolina Teachers' Training schol, on Sunday morning. The sermon was of great depth and beauty on the theme of human love, an inspirational message that lifted the theme far above the usual sentimental or flippant interpretation of the subject.

It was a sermon that was peculiarly fitted to young women who are starting out in life. The text was from the Song of Solomon, from the king's passionate pleading for love when woman is compared to the dawn, the moon, the sun, and to an army with banners, chapter 6, verse 10.

He brought out through developing the similes the beauty of woman's character, and her greatest virtues; through the first simile he showed how the master passion of the human soul could be perverted, holding up to view the types of unworthy womanhood; he also showed the converse side of this simile by giving examples when women won victories for the right by fighting.

He left as the closing thought this: "Today, in the midst of the ferment and protest and demand for new laws and new attitudes in the matter of woman's relation to the home and to the State and to the whole field of human activity, I clearly perceive that the impulse and directing of it all, notwithstanding its vagaries and excesses, is love, and I am confident that out of it all will certainly come a better, higher, broader, nobler civilization when men and women will unite their aims and their labors and their rewards and march on in victorious strength."

The singing by the school under the direction of Miss May R. B. Muffly was particularly beautiful; Gounod's "Send Out Thy Light" and Smart's "The Lord is My Shepherd" were the two numbers. A trio, Mendelssohn's "Hearts Feel That Love Thee" was sung by Misses Alice Herring, of Rocky Mount, Marguerite Wallace, of New Bern, and Martha Lancaster, of Battleboro.

A number of the alumnae are attending the commencement. Tuesday will be alumnae day. The annual business meeting will be held in the morning and the annual dinner will be given at 8 o'clock in the evening.

The board of trustees will hold a meeting at 10 o'clock Tuesday morning, June 6.

Hon. T. W. Bickett will deliver the address before the graduating class on Wednesday morning, June 7, at 10:30.

HUGHES MOVEMENT NOW AT HIGH TIDE

(Continued from Page One.)

mand for the nomination of Roosevelt were surprised at its growth. The individual candidates were working independently and therefore there was no canvass of the extent to which Hughes was the second choice of their supporters. This was found to be far more general than had been anticipated.

With the arrival of hundreds of delegates today the sentiment in favor of Hughes reached high tide and in spite of the concentration upon him of the opposition forces, he appears to be far in the lead. Managers of the favorite son candidacies have made no headways to combine against Hughes, because he is the second choice of many of the instructed delegates and trading is dangerous. Every attempted transfer, it is feared, would result in spilling some delegates into the Hughes basket. Unless the situation changes very soon, these delegates are almost certain t odiop to him should there be more tha ntwo or three ballots without a nomination.

No Statement from Hughes.

All thought of getting a pre-convention statement from Justice Hughes was abandoned during the day. A demand was made tonight that Colonel Roosevelt either should come here and take part in the councils or place his spokesman in a position to answer questions as to what candidate or candidates would be acceptable to him to defeat Hughes. It was not believed any of these demands would be met.

stood at all times for improvements.

The discussion of the bridge proposition took up some time and at its conclusion the Board adjourned to meet again Wednesday afternoon. It is probable that the bridge proposition will come up again quite soon for consideration as its supporters are very much in earnest and propose to find out whether or not the people of the city and county really want better transportation facilities.

How You May Change Your Face Completely

Any woman not satisfied with her complexion can easily remove it and have a new one. The thin veil of stifling half dead cuticle is an encumbrance and should be removed to give the fresh, vigorous, young skin underneath a chance to show itself and to breathe. There's a simple, old-fashioned remedy which will always do the work. Get an ounce of pure mercolized wax from your druggist and apply it at night like cold cream, washing it off in the morning. The wax will gently absorb all the lifeless skin and leave a healthy and beautiful complexion, as fresh as a child's. Naturally, it takes with it all such facial blemishes as freckles, moth patches, sallowness, liver spots, pimples. It is pleasant to use, and economical. The face so treated soon looks years younger.

To keep the skin free from wrinkles there's nothing quite so good as the old reliable saxolite lotion. It is only necessary to dissolve an ounce of powdered saxolite in a half pint of witch hazel and bathe the face in this as required.

ITCHING ECZEMA HEALED RIGHT UP WITH AMOLOX

Our General Delivery is Impaired to a Certain Extent. However, we have a Competent Registered Pharmacist in Charge of the Prescription Department, who will give you the same prompt and accurate attention as in the past. We solicit your business, we appreciate it, we give you in return the best to be had at any price.
